book explores the nature of power in persons groups and nations by asking a question that we can understand in
contemporary terms what would Bill Gates do if he had Hitler s absolute power It is a sociological question that exposes
power as a tool of control over the powerless not as a psychological trait or manners of personal interactions With Hitler s
power any individual group or nation could become as crazy as Hitler or as cruel as the Nazis Call from the Cave argues that
the savage struggle for power exemplified in the free market system of America history s first and purest natural society is in
our very human nature In the footsteps of the ancient Romans and the recent Nazis we push on in every waking moment of
our lives to expand our power and to control the souls and minds of other human beings to do our bidding The book
concludes that this is the very destiny of humanity we cannot escape
