THE NEXT BIG THING IN BUSINESS INNOVATION FROM THE NEXT GENERATION'S BRAND WHISPERER What can an oil company, Pennzoil, learn from a great place to hang out, Starbucks, to create a new customer experience, Jiffy Lube? If you're a manager, an executive, or an entrepreneur, you understand that your business is unique with its own challenges and rewards. But thanks to the new science of the Business Genome process, you'll be surprised to see how many businesses share a similar genetic structure. And by understanding what works and what doesn't for your business's genomic type, you can play to your strengths, adapt to your weaknesses, and change the course of your company's future. Business Genome project creator Andrea Kates calls it Find Your Next, a field-tested, customized blueprint for mapping out your business DNA in four powerful steps: 1. Sort through your options and assess your hunches. 2. Match your genome to other successful business models. 3. Hybridize your company by grafting new ideas with proven successes. 4. Adapt and thrive by breaking old habits and starting new trends. This high-impact, transformative guide walks you through every step of the process, combining intuition and experience with statistical data and fascinating case studies. You'll learn how two unrelated businesses, Hyatt Hotels and Sharp HealthCare, discovered untapped opportunities in their customer experience. You'll read how General Motors and OnStar hit the jackpot by examining something that wasn't there. You'll find in-depth interviews with GE's Mark Vachon, IndieGoGo's Danae Ringelmann, P.F. Chang's Rick Federico, and other leaders of innovation. And you'll learn how to crack the genetic code behind the six essential building blocks of business: product and service innovation, customer impact, talent, leadership, and culture, process design, trendability, and secret sauce. Once you unlock the secret of your company's DNA, you can evolve your strategy, build your future, and find your next. PRAISE FOR FIND YOUR NEXT When you add it all up, this is indeed a time of great change, and arguably much of what we know about management today is becoming obviated. Which is why Find Your Next is such a helpful contribution to every manager's arsenal. It embraces the shift from industrial models to models for the 21st century. And it's a great read, packed with great stories and tons of practical advice. Read, enjoy, and prosper. Don Tapscott from the Foreword of Find Your Next Every great strategic thinker uses the ideas in this book, but it took Andrea Kates to write them down for the rest of us. Seth Godin, author of We Are All Weird Andrea Kates is this generation's new brand whisperer, and Find Your Next is the best toolkit for landing on your company's next. Lane Cardwell, President, P.F. Chang's China Bistro Andrea Kates's ideas about the Business Genome project are cutting edge. They will
