think of a subject an article can be written on it Articles have been the life blood of business all over the world and over the years there must have been billions of pages of text written by businesses websites and blogs alike Unfortunately most are nothing more than rewritten articles that was written by someone else or articles of spun articles This practice as left the Internet world full of articles advertising paraphernalia with most being no more than cloned content which leaves their readers bewildered fed up and emotionally unmoved It would seem that writers are now being misled by a belief that their articles editorials and content marketing must be wittier or cleverer than their counterparts Instead of writing for the people who will be consuming their content it must now reflect their ego get them noticed in order to secure future employment Unfortunately most of the time their cleverness ends up camouflaging the real message their creative writing is trying to deliver missing the point and failing to engage the reader Around and around they keep going stuck in a loop they can no longer break spilling out the same old garbage If you have ever experienced writer s block or become bored with writing the same old dribble then it s time to break out and start writing your creative writing in an imaginative exciting and new way There are some hard fast rules to creative writing and content marketing that must be adhered to when writing your content They are simple and easy to implement and once you understand them and incorporate them into your daily writing your writing and responsive count will dramatically improve These rules and a lot more information on the subject of creative writing can be found in the pages of this in depth and comprehensive book Creative Writing Content Marketing You will learn How to target your traffic it s a waste of time writing the best content if no one is going to read it What to do if you get writer s block What should be written into the very fabric of every article you write What you absolutely must do before you submit your content Why it s a sin to keep your best points or information to last Why you must absolutely Proofread all your content before making it public And so much more Creative writing Marketing Content is a must read for anyone who takes their business seriously full of invaluable information tips ideas and help to create some truly dazzling content for your business It really doesn t matter what business you are in Websites blogs shops newspapers magazines TV radio they all must write content to help promote their business and to Stand Out from the crowd Don t end up writing the same old crap write content to stimulate your reader s imaginations and eventually buy
