Lyons,2022-08-22 Transformational Collaborative Outcomes Management TCOM is a comprehensive multi level conceptual framework for system management and improvement This book provides a comprehensive understanding of TCOM by using person centered collaborative processes for decision making The issue with current human services systems is that there is a lack of access to care and that the system is focused on providing services as cheaply as possible TCOM focuses on helping the greatest number of people while maximizing effectiveness By fully understanding the nature of the business of helping the author seeks to offer ways to create and sustain effective and positively evolving helping systems He lays out a series of goal directed social change processes which allow people at every level of a system to begin a shift towards transformational practice and the emergence of transformational systems Building on three decades of work in a large community of scholars and practitioners this book will represent the first full description of the conceptual framework and will appeal to an interdisciplinary group of scholars across nonprofit management healthcare management and social work *Neo-Nazi Postmodern* Esther Elizabeth Adaire,2024-03-21 From the violent skinhead protests of the early 1990s to the National Socialist Underground murder spree of the 2000s and the KSK Kommando Spezialkr fte scandal of 2020 this book traces Germany s long struggle to suppress a resurgent and ever more terroristic far right scene Esther Elizabeth Adaire analyses the electoral success of the AfD Alternative f r Deutschland party in 2017 the growing presence of PEGIDA on German streets and the anti COVID lockdown protests led by conspiracy theorist groups such as Querdenken which have taken aback liberal onlookers for whom Germany s robust culture of Holocaust consciousness is supposed to provide a panacea against neo Nazism Adaire examines how since unification the intellectual Neue Rechte has increasingly destabilized the foundations of historical memory and lesson learning in Germany often doing so in the pages of mainstream conservative publications Neo Nazi Postmodern convincingly contends that far right intellectuals joined by notable left wing apostates who brought with them an anti establishment critique borrowed from the language of postmodernism have since the early 1990s excused and justified an increasingly violent far right youth scene even becoming leaders of this scene themselves The book therefore traces the development of today s German far right throughout several stages notable scandals and the ongoing destabilization of memory and truth from unification onwards

showing how previously disparate groups such as neo Nazis Neue Rechte intellectuals and political fringe parties merged over time This far right scene Adaire adeptly demonstrates has come to embody what the historian Walter Laqueur once dubbed Postmodern Terrorism a mixture of cell based terror structures reliance on Internet technologies for organizational purposes and the sowing of epistemic chaos via informational warfare
