**Work From Home: A Simple Method for Finding Online Work With No Jobs (A Beginner's Guide to Finding Remote Jobs, Freelancing, and Making Money Online)** Kevin Milliken, 101-01-01 This book is your invitation to that life. It's filled with heartfelt guidance showing you how real people are building incredible financial freedom through the power of the internet. You will learn how to start a virtual assistant business, writing business, online store, cottage food business, vending machine business, personal organizer business, online course business. The idea of structuring your life around passive income is real. I currently have four streams of passive or semi-passive income. I'm working on the fifth and would never again consider trading my time for money. But it's not as easy as some books suggest. As with anything in life, if you want to create passive income, you will need to understand it, plan for it, and then work to make it a reality. I have done just that and have no need to punch a clock or answer to anyone else. Because most of my income is passive, I don't have to exert a lot of time or effort to earn a great living. **Keep Your Day Job** Dannie Fountain, 2024-06-03 As millennials and Gen Z grow their influence in the workplace, side hustling and overemployment are emerging from the dark corners of the corporate world, but many companies still resist this trend. How can employees leverage the shifting power dynamic to build their own empires? Build now and ask forgiveness later. This book shows you how. Rich with insights from personal experience and doctoral research, this is the story of more than a decade of side hustling alongside successes and failures in a career in corporate America. But more importantly, it is a roadmap on how to successfully incorporate a side hustle into your life in a way that supports your day job, too. Not everyone starts a side hustle to eventually quit their day job, and many individuals enjoy and take pride in the dual incomes they can earn this way. This book centers and prioritizes this path. No matter their industry, this book will resonate with readers who have been burned by their side hustle or fear that they might be, as well as HR professionals who want to support change in corporate America and leaders who value and prioritize innovation to impact their workforce for the better. **Entrepreneurship** Heidi M. Neck, Christopher P. Neck, Emma L.
