**Words Fail Us** Jonty Claypole, 2021-01-14 TIMELY David Mitchell MOVING REMARKABLE SUNDAY TIMES ONE OF THOSE RARE BOOKS I HADN'T REALISED I'D BEEN WAITING FOR UNTIL I READ IT Owen Sheers OPEN MINDED THOUGHTFUL AND WISE A LIBERATING BOOK Colm Toibin In an age of polished TED talks and overconfident political oratory success seems to depend upon charismatic public speaking But what if hyper fluency is not only unachievable but undesirable Jonty Claypole spent fifteen years of his life in and out of extreme speech therapy From sessions with child psychologists to lengthy stuttering boot camps and exposure therapies he tried everything until finally being told the words he'd always feared We can't cure your stutter Those words started him on a journey towards not only making peace with his stammer but learning to use it to his advantage Here Jonty argues that our obsession with fluency could be hindering rather than helping our creativity authenticity and persuasiveness Exploring other speech conditions such as aphasia and Tourette's and telling the stories of the creatively disfluent from Lewis Carroll to Kendrick Lamar Jonty explains why it's time for us to stop making sense get tongue tied and embrace the life changing power of inarticulacy **Online TV** Catherine Johnson, 2019-01-04 With growth in access to high speed broadband and 4G and increased ownership of smartphones tablets and internet connected television sets the internet has simultaneously begun to compete with and transform television Online TV argues that these changes create the conditions for an emergent internet era that challenges the language and concepts that we have to talk about television as a medium In a wide ranging analysis Catherine Johnson sets out a series of conceptual frameworks designed to provide a clearer language with which to analyse the changes to television in the internet era and to bring into focus the power dynamics of the online TV industry From providing definitions of online TV and the online TV industry to examining the ways in which technology rights interfaces and algorithms are used to control and constrain access to audiovisual content Online TV is a timely intervention into debates about contemporary internet and television cultures A must read for any students scholars and practitioners who want to understand and analyse the ways in which television is intertwining with and being transformed by the internet Literature and Film as Modern Mythology William K. Ferrell, 2000-02-28 Novels and films record and codify the cultural experiences of their people This book explores the relationship between contemporary literature and film of the past fifty years and the ancient myths of Judeo Christian Greek Celtic and Eastern origin Following a detailed description and explanation of both literary and film devices stories that inform to a mythic tradition are analyzed to identify what they reveal about modern culture This work explores such diverse subjects as heroism coming of age and morality This approach to literature and film explores how contemporary fiction and film fulfill a continuum in our never ending search to understand how life ought to be lived Encompassing a broad spectrum of modern film and fiction a variety of authors and directors are represented Included are novels from such writers as Stephen King Alice Walker Ken Kesey Jerzy Kosinski Robert Penn Warren and Michael Ondaatje Film directors include

Stephen Spielberg Hal Ashby Phil Alden Robinson George Stevens Robert Rossen and Milos Forman As a valuable resource for film and literature classes alike this work also provides suggestions for student projects     **Polling America** Richard L. Clark, Kelly N. Foster, Samuel J. Best, Benjamin Radcliff, 2020-08-04 This work provides an authoritative overview of the composition of public opinion in America the methodologies by which public opinion is measured and the importance of polling to U S politics policy and culture This revised edition is a comprehensive resource for understanding all aspects of public opinion polling in the United States including major and emerging theories and concepts historical and current methodologies political journalistic and corporate uses landmark events and developments in the history of polling and influential people and organizations The encyclopedia also illuminates how public opinion polling has become important in shaping the trajectory of American society and the views that Americans have about themselves and their fellow citizens Specific big picture topics explored include how data mining of internet and social media usage trends has shaped modern political and business advertising campaigns the impact of politically partisan media outlets on public opinion and attitudes of various sectors of the American electorate about diverse topics including gun control abortion immigration marijuana legalization and the nation's two main political parties     *Interactive Media: The Semiotics of Embodied Interaction* Shaleph O'Neill, 2008-09-18 The author discusses the existing theoretical approaches of semiotically informed research in HCI what is useful and the limitations He proposes a radical rethink to this approach through a re evaluation of important semiotic concepts and applied semiotic methods Using a semiotic model of interaction he explores this concept through several studies that help to develop his argument He concludes that this semiotics of interaction is more appropriate than other versions because it focuses on the characteristics of interactive media as they are experienced and the way in which users make sense of them rather than thinking about interface design or usability issues     Logic Hermann Lotze, 1884
