Dessert Island:

Dessert Island Ben Zhu,2021-05-25 Ben Zhu's *Dessert Island* is an irresistible picture book about sharing and caring. Monkey is on a dessert island. It is made of frosting, berries, and other delicious things. Fox is on a desert island. It is made of dirt, rocks, and sand. But as time goes on, their fortunes change, and Monkey and Fox discover that no animal is an island. This wonderfully layered story has themes of consumption and conservation at its center and wraps up with a sweet and satisfying ending. **Marine Physiology Down East: The Story of the Mt. Desert Island Biological Laboratory** David H.

Evans,2015-08-13 This volume offers a comprehensive history of the Mount Desert Island Biological Laboratory (MDIBL), one of the major marine laboratories in the United States and a leader in using marine organisms to study fundamental physiological concepts. Beginning with its founding as the Harpswell Laboratory of Tufts University in 1898, David H. Evans follows its evolution from a teaching facility to a research center for distinguished renal and epithelial physiologists. He also describes how it became the site of major advances in cytokinesis, regeneration, cardiac and vascular physiology, hepatic physiology, endocrinology, and toxicology, as well as studies of the comparative physiology of marine organisms. Fundamental physiological concepts in the context of the discoveries made at the MDIBL are explained, and the social and administrative history of this renowned facility is described. **Fodor's Maine Coast** Fodor's,2008 Provides information on the

accommodations, restaurants, and local attractions along Maine's coastline, including Acadia National Park. **Prince Not-So Charming: Wild Wild Quest** Roy L. Hinuss,2019-02-19 The sixth chapter book in the Prince Not So Charming series features Prince Carlos going on a quest, and disaster is never far away. Prince Carlos Charles Charming tells a lot more jokes than your standard prince is probably supposed to. But he's been working hard to live up to his princely expectations. That's good because the ultimate prince, Gilbert the Gallant, has gone missing. Carlos, his friend Pinky, and his pet dragon Smudge are assigned to go find Gilbert and complete his quest. But how can Carlos do what the oh-so-perfect Gilbert couldn't? Especially when Smudge sets their boat on fire before they've gone very far. And every princely voyage involves a sea monster. Perfect for middle-grade readers and filled with adorable illustrations, *Prince Not So Charming: Wild Wild Quest* shows how even princes struggle sometimes, but the only way to get through it is one step at a time.
