Destruction Of Reason:

The Destruction of Reason Georg Lukacs, 2021-08-31 How Western philosophy lost its innocence from Enlightenment to fascism The Destruction of Reason is Georg Lukacs's trenchant criticism of certain strands of philosophy after Marx and the role they played in the rise of National Socialism Germany's path to Hitler in the sphere of philosophy as he put it Starting with the revolutions of 1848 his analysis spans post Hegelian philosophy and sociology The great pessimist Arthur Schopenhauer neo Hegelians such as Leopold von Ranke and Wilhelm Dilthey and the phenomenologists Edmund Husserl Karl Jaspers and Jean Paul Sartre come in for a share of criticism but the principal targets are Friedrich Nietzsche and Martin Heidegger Through these thinkers he shows in an unsparing analysis that with almost no exceptions the post Hegelian tradition prepared the ground for fascist thought Originally published in 1952 the book has been unjustly overlooked despite its centrality in Lukacs's work and its being one of the key texts in Western Marxism This new edition features a historical introduction by Enzo Traverso addressing the current rise of the far right across the world today

The Destruction of Reason Georg Lukács, 2016-06 This is a brilliant intellectual history of the philosophical positions and movements that in a way fermented to produce National Socialism Rare erudition wonderful stylizations Lukacs is an amazing writer and an amazing mind Sometimes his Leninist sympathies intrude but for those interested in what led up to National Socialism in the field of philosophy this text is amazingly well written and well researched If you are interested in the history of German philosophy to the point of being interested in minor thinkers then this is worth reading Ultimately this is a book about Irrationalism and how its various intellectual versions led to Hitlerism Read it in tandem with Hitler and Aesthetics another excellent book not by GL though The Epilogue is really interesting as he predicts that unlike Germany which was interested in giving philosophical justifications to its irrationalism the USA would in confronting the USSR in the Cold War unabashedly accept and exhibit its irrational interests in raw power It's everywhere today
