Peck,1989 The essays in this volume were written to mark the fiftieth anniversary of Kristallnacht the fateful pogrom in early November 1938 which was a watershed in the treatment of Jews in Germany and signaled the end to more than a century of specific Jewish culture there Historian George Mosse in the opening essay characterizes this spirit as represented by Bildung a post emancipation notion that included character formation moral education the primacy of culture the acquisition of aesthetic taste and the belief in the potential of humanity Bildung became to large portions of German Jewry an important if not central expression of their Jewishness It is this legacy that this volume explores and seeks to understand Among the questions contributors examine are the meaning of this legacy in our time what has happened to it in its American context whether it has found a home in the United States or whether it remains in exile and which elements of the legacy are worth preserving for the next generation Two groups address this range of questions The first is made up of Jews born in Germany but who reached their professional maturity in the United States The second is made up primarily of American born individuals whose Jewish parents had either fled Nazi Germany or who as German Jews survived the Holocaust The Germany Jewish Legacy in America commemorates the end of one of the greatest communities in Jewish history and explores those elements of its greatness which may still be relevant in insuring a vibrant and productive Jewish community in a free and democratic American society **Fertility, Wealth, and Politics in Three Southwest German Villages, 1650-1900** Ernest Benz,1999-12-01 The book traces the precocious diffusion of family limitation in Grafenhausen bei Lahr Kappel am Rhein and Rust using thousands of reconstituted family histories in local genealogies Ortssippenb cher as well as economic and political data from municipal and provincial archives Graphs tables and maps document the fertility transition on the densely populated Rhine plain A new measure of the percentage of couples practising family limitation is applied The account highlights the r les of women as landholders under traditional partible inheritance and as workers in the cigar factories of the late 1800s Both circumstances increased fertility even as contraception spread along the networks of solidarity forged by economic and political independence **Demographic Behavior in the Past** John E.
