Detours And Lost Highways:

Detours and Lost Highways Foster Hirsch, 1999 *Detours and Lost Highways* begins with the Orson Welles film *Touch of Evil* 1958 which featured Welles both behind and in front of the camera That movie is often cited as the end of the line noir's rococo tombstone the film after which noir could no longer be made or at least could no longer be made in the same way It is my belief Hirsch writes that neo noir does exist and that noir is entitled to full generic status Over the past forty years since noir's often claimed expiration it has flourished under various labels Among the movies he discusses as evidence *Chinatown* 1974 *Body Heat* 1981 John Woo's *Hong Kong blood ballets* e.g. *The Killer* 1989 and the pulpy oeuvre of Quentin Tarantino Washington Post Book World *The Philosophy of the Coen Brothers* Mark T. Conard, 2009-01-01 Many critics agree that Joel and Ethan Coen are one of the most visionary and idiosyncratic filmmaking teams of the last three decades Combining thoughtful eccentricity wry humor irony and often brutal violence the Coen brothers have crafted a style of filmmaking that pays tribute to classic American movie genres yet maintains a distinctly postmodern feel Since arriving on the film scene the Coens have amassed an impressive body of work that has garnered them critical acclaim and a devoted cult following From *Raising Arizona* and *Fargo* to *O Brother Where Art Thou* and *No Country for Old Men* the Coens have left an unmistakable imprint on Hollywood *The Philosophy of the Coen Brothers* investigates philosophical themes in the works of these master filmmakers and also uses their movies as vehicles to explore fundamental concepts of philosophy The contributing authors discuss concepts such as justice the problem of interpretation existential role playing the philosophy of comedy the uncertainty principle and the coldness of modernity *The Philosophy of the Coen Brothers* is not just for die hard *Lebowski* Fest attendees but for anyone who enjoys big ideas on the big screen **Film Remakes** NA NA, 2016-10-03 This is the first book to provide a comprehensive and systematic account of the phenomenon of cinematic remaking Drawing upon recent theories of genre and intertextuality *Film Remakes* describes remaking as both an elastic concept and a complex situation one enabled and limited by the interrelated roles and practices of industry critics and audiences This approach to remaking is developed across three broad sections the first deals with issues of production including commerce and authors the second considers genre plots and structures and the third investigates issues of reception including audiences and institutions

Detour Noah Isenberg, 2019-07-25 Long considered an unpolished gem of film noir the private treasure of film buffs cinephiles and critics Edgar G. Ulmer's *Detour* 1945 has recently earned a new wave of recognition In the words of film critic David Thomson it is simply beyond remarkable The only B picture to make it into the National Film Registry of the Library of Congress *Detour* has outrun its fate as the bastard child of one of Hollywood's lowliest studios Ulmer's film follows in flashback the journey of Al Roberts Tom Neal a pianist hitching from New York to California to join his girlfriend Sue Claudia Drake a singer gone to seek her fortune in Hollywood In classic noir style *Detour* features mysterious deaths changes of identity an unforgettable femme fatale called Vera Ann Savage and in Roberts a wretched masochistic antihero Noah

Isenberg's study of *Detour* draws on a vast array of archival sources unpublished letters and interviews to provide an animated and thorough account of the film's production history its critical reception its afterlife including various remakes and the different ways in which the film has been understood since its release He devotes significant attention to each of the key players in the film the crew as well as the principal actors while charting the uneasy transformation of Martin Goldsmith's pulp novel into Ulmer's signature film the disagreements between the director and writer and the severe financial and formal limitations with which Ulmer grappled The story that Isenberg tells rich in historical and critical insight replicates the briskness of a B movie

Edgar G. Ulmer Gary D. Rhodes, 2010-01-01 Edgar G Ulmer *Detour on Poverty Row* examines the full scope of the career of this often overlooked film auteur with essays exploring individual films groups of films such as his important work in film noir repetitive themes appearing across the spectrum of his work and a case study of three essays analyzing *The Black Cat* 1934 *Engineering News-record* ,1924 **The Highway Engineer & Contractor** ,1920 Lost Highways Jack Sargeant, Stephanie Watson, 1999 Through a series of detailed illustrated essays on key films within the genre *Lost Highways* explores the history of the road movie in other until now neglected genres such as the western film noir horror and even science fiction this is the definitive guide to a diverse body of film that incorporates some of the most dominant themes and most popular films of this century **Michigan Roads and Pavements** ,1922 *The Highway Magazine* ,1929 Georgia Highways ,1927 Manuel Puig, Pedro Almodóvar and the Politics of Camp Graziana Ramsden, 2005 **New England Roads** ,1920 Tales of the Underworld Tim Palmer, 2003 **Dixie Highway** ,1925 **Concrete Highways and Public Improvements** ,1922 *Concrete Highways and Public Improvements Magazine* ,1922 **The Dixie Highway** ,1924 **The Complete Lynch** David Hughes, 2001 The only comprehensive study of the work of this cult director which ranges from 1967's *Six Figures Getting Sick* to *The Straight Story* and *Mulholland Drive*
