Deutsche Dichter Der Gegenwart German Poets Of The Presence:

Nelson's Perpetual Loose-leaf Encyclopædia John Huston Finley, William Peterson, Sir Edward Parrott, 1917

Chambers's Encyclopaedia ,1967 The Cambridge Companion to German Romanticism Nicholas Saul, 2009-07-09
Explains the development of Romantic arts and culture in Germany with both individual artists and key themes covered in detail Chambers's Encyclopedia ,1967 *Modern German Literature* Agnes Domandi Langdon, 1972

German-Jewish Cultural Identity from 1900 to the Aftermath of the First World War Elisabeth

Albanis, 2013-04-09 By illustrating the quintessentially different self perceptions of three German writers of Jewish background all born in or around 1880 in Berlin this book examines a range of German Jewish identities in a socio cultural context in Wilhelmine Germany Moritz Goldstein 1880 1977 the conflict of his dual identity and the interplay between being a German writer and a cultural Zionist is covered first Particular attention is given to the genesis of his essay Deutsch j discher Parna with its call for Jews to vacate their seats in German literary culture The range of positions unfolding in the debate following its publication in Der Kunstwart in 1912 serves to illustrate the spectrum of German Jewish self definition at the time In the second part the writings of Julius Bab 1880 1955 are examined in so far as they shed light on his advocacy of a synthesis of Deutschtum and Judentum The far side of the spectrum of German Jewish self definition is represented by Ernst Lissauer 1882 1937 who propagated complete assimilation considering the Jewish element as an obstacle which had to be overcome on the road to Deutschtum This study depicts how external cultural and political influences shaped the transformation of their ideas of what it meant to be Jewish in Germany and how they responded to increasing anti-Semitism By recognising the way in which the individual's cultural identity was constantly refashioned in the face of external challenges a fuller understanding of the evolving self perception of German Jews is reached **History and Poetry in**

Novalis and in the Tradition of the German Enlightenment Nicholas Saul, 1984 Western Art and Jewish Presence in the Work of Paul Celan Esther Cameron, 2014-10-15 Western Art and Jewish Presence in the Work of Paul Celan Roots and Ramifications of the Meridian Speech addresses a central problem in the work of a poet who holds a unique position in the intellectual history of the twentieth century On the one hand he was perhaps the last great figure of the Western poetic tradition one who took up the dialogue with its classics and who responded to the questions of his day from a global concern if often cryptically And on the other hand Paul Celan was a witness to and interim survivor of the Holocaust These two identities raise questions that were evidently present for Celan in the very act of poetry This study takes the form of a commentary on Celan's most important statement of his poetics and beliefs The Meridian which is an extraordinarily condensed text packed with allusions and multiple meanings It reflects his early work and anticipates later developments so that the discussion of The Meridian becomes a consideration of his oeuvre as a whole The commentary is an act of listening an attempt to hear what these words meant to the poet to see the landscapes from which they come and the reality they are

trying to project and in the light of this to arrive at a clear picture of the relation between Celan's Jewishness and his vocation as a Western writer **Subversive Sublimities** Eitel Friedrich Timm, 1992 This anthology of critical essays pursues a field of scholarship that has only recently caught fire the dark side of the German Enlightenment The most prominent of German enlightened poets and thinkers Goethe Schiller Lichtenberg Tieck among others were conspicuously prone to the ideology of shamans occultists and charlatans of modern science and psychology And yet the studies published here for the first time argue that the fascination with magic and the occult are not symptoms of a dying age but subversively productive elements so that the subversiveness of irrationalism may be said to have become a progressive rather than a reactionary force *The Stranger in Early Modern and Modern Jewish Tradition* Catherine Bartlett, Joachim Schlör, 2021-07-15

Throughout history Jews have often been regarded and treated as strangers In *The Stranger in Early Modern and Modern Jewish Tradition* authors from a wide variety of disciplines discuss how the notion of the stranger can offer an integrative perspective on Jewish identities on the non Jewish perceptions of Jews and on the relations between Jews and non Jews in an innovative way Contributions from history philosophy religion sociology literature and the arts offer a new perspective on the Jewish experience in early modern and modern times in contact and conflict in processes of attribution and allegation but also self reflection and negotiation focused on the figure of the stranger **Goethe in English** Derek Glass, Martin H.

Jones, 2005 This bibliography was commissioned by the English Goethe Society as a contribution to the celebration in 1999 of the 250th anniversary of Goethe's birth It sets out to record translations of his works into English that have been published in the twentieth century up to and including material published in that anniversary year It aims to serve as wide a constituency as possible be it as a simple reference tool for tracing a translation of a given work or as a documentary source for specialized studies of Goethe reception in the English speaking world The work records publications during the century not merely translations that originated during this period It includes numerous reprintings of older material as well as some belated first publications of translations from the nineteenth century It shows how frequent and how long enduring was the recourse of publishers and anthologists to a Goethe Victorian in diction a signal factor in perceptions and misperceptions Derek Glass was putting the finishing touches to the bibliography at the time of his sudden death in March 2004 Colleagues at Kings College London have edited the final manuscript which is now published jointly by the English Goethe Society and the Modern Humanities Research Association both as a worthy commemoration of Goethe's anniversary and as a tribute to Derek himself **The Oxford Companion to German Literature** Henry Burnand Garland, Mary Garland, 1976 This new
