Developing Educational Leadership Lesley Anderson, Nigel Bennett, 2003-08-07 The papers in the book make a very useful and stimulating contribution to the current debate about evidence informed practice in relation to developing educational leadership Journal of In Service Education This is a very worthwhile book with unusually something for different dispositions Reading it is like attending a research conference an activity restricted to a fortunate few For those who have never attended one put this on your bookshelf I would recommend that it takes a prominent place on reading lists for masters courses in educational leadership Mervyn Flecknoe Leeds Metropolitan University Evidence Informed Policy and Practice EIPP has emerged as an important concept The availability and growing interest in evidence alongside pressure for improved public services have made it a key component of the government's modernization agenda It is relevant to all parts of the public sector to education and specifically to educational leadership Successful educational leadership is regarded as an essential factor in raising educational standards In this book the editors have drawn together key figures in the field of EIPP to introduce its role in informing educational leadership with the aim of improving learning and teaching The EIPP approach is considered both for structuring research studies and for the analysis of the data generated Relevant examples are also provided to inform the current debate This book is important reading for educational professionals policy makers practitioners and students

Educational Leadership Harry Tomlinson, 2004-05-13 This wide ranging and thought provoking book provides an alternative approach to personal and professional leadership development Although directed at headteachers it has much to say to all staff irrespective of whether they are in formal positions of leadership Given the increased attention to professional development this is a timely publication and will cause those who read it reflect as well as providing a wealth of approaches and ideas which can be used in their school Colin Parker Headteacher of King Edward VI Aston School Managing Schools Today This is an exceptionally good book that clearly brings together the author's experience as a headteacher and academic Harry Tomlinson is an educationalist with deep insights into the personal development dimension of leadership This is not your standard leadership book instead it is a unique set of ideas concepts and observations that comprehensively covers the how of building leadership abilities With twenty chapters this is a significant resource for practitioners leadership developers and academics Professor Brent Davies International Journal Educational Management This is undeniably a terrifically rich and well researched text which could be the starting point for a variety of personal development journeys It has enormous value in asserting the importance of personal growth as the foundation for professional development Times Education Supplement This book will undoubtedly help school leaders and potential leaders acquire a basic understanding of the essential elements in understanding themselves and others in the professional context Times Educational Supplement There are many books about professional development for leaders in schools and teachers

particularly in the context of performance management Though this book takes account of these the focus is initially very much on personal development through self understanding and self management because this has to be the basis for profound professional development This book provides an alternative approach to personal and professional leadership development For the first time this wide range of topics has been covered in a book on educational leadership Practical activities are included to encourage the learning process The first part of the book looks at the individual and the personal learning development of emotional intelligence and modeling excellence which provide the basis for professional development In the middle chapters the author focuses on the interpersonal and team development processes such as career management coaching and decision making The concluding chapters explore issues at the school level but always concentrating on the individual leadership development required These include major current concerns such as knowledge management the learning organization and the work life balance The author reaches out to include evidence from beyond the world of schools and education in order to enhance understanding This book provides an in depth resource and a learning opportunity for all those concerned with educational leadership *Understanding School Leadership* Peter Earley, Dick Weindling, 2004-10-18 Written in a clear and readable style the book contains an extensive exploration of leadership models and management strategies and is based on the latest research *Developing Educational Leadership* Lesley Anderson, Nigel Bennett, 2003-09-25 The papers in the book make a very useful and stimulating contribution to the current debate about evidence informed practice in relation to developing educational leadership Journal of In Service Education This is a very worthwhile book with unusually something for different dispositions Reading it is like attending a research conference an activity restricted to a fortunate few For those who have never attended one put this on your bookshelf I would recommend that it takes a prominent place on reading lists for masters courses in educational leadership Mervyn Flecknoe Leeds Metropolitan University Evidence Informed Policy and Practice EIPP has emerged as an important concept The availability and growing interest in evidence alongside pressure for improved public services have made it a key component of the government's modernization agenda It is relevant to all parts of the public sector to education and specifically to educational leadership Successful educational leadership is regarded as an essential factor in raising educational standards In this book the editors have drawn together key figures in the field of EIPP to introduce its role in informing educational leadership with the aim of improving learning and teaching The EIPP approach is considered both for structuring research studies and for the analysis of the data generated Relevant examples are also provided to inform the current debate This book is important reading for educational professionals policy makers practitioners and students **Developing School Leaders in the Pacific** Narsamma Lingam, Govinda Ishwar Lingam, 2023-08-31 This book provides detailed insights on the training and development for Pacific Island school leaders It draws extensively on original empirical research that explores school leaders perceptions of how leadership and management training impacted their professional practices and how these

practices in turn impacted the dynamics of school operations This book addresses a critical need to understand how to support leadership development for all Pacific schools but especially in schools that are faced with the increasing challenges of learning and teaching conditions In small island developing states in the Pacific region school leaders face a myriad of challenges due to limited human and material resources and a fragile economic base Written by Pacific Islander authors this book provides insights from different countries in the Pacific Islands It shows how contextual challenges can exert enormous pressure on school leaders who are leading and managing schools without any leadership preparation Given the importance of effective leadership practices and its impact on student learning outcomes this book aims to be a source of reference for practitioners and educational authorities who have a vested interest in the provision of quality education in the Pacific region and beyond The British National Bibliography Arthur James Wells,2009 **A Critical Guide to Evidence-Informed**

Education Thomas Perry,Rebecca Morris,2023-06-30 What a provocative and refreshing stance on evidence informed education Evidence informed education may currently be a divided field but this must read book offers hope that a reunion of existing approaches may be possible for a productive tension where researchers school leaders and teachers work together The disconnect in education between research policy and practice needs this intellectual reboot Professor Tanya Ovenden Hope Provost and Professor of Education Plymouth Marjon University UK As a school leader this book is an invaluable guide to evidence informed educational research It is a hopeful vision of a united evidence informed education field in which practitioners policymakers and researchers all play an active role as discerning creators and users of evidence Sam Mason Deputy Headteacher Thornton Primary School UK This is a wonderful book that deserves to be widely read and more importantly widely acted on It presents a robust and detailed critique of current orthodoxies in how we have tried to improve educational practice through the use of evidence Researchers practitioners policymakers and funders with an interest in evidence and school improvement should take note Professor Robert Coe Director of Research and Development at Evidence Based Education UK and Senior Associate at the Education Endowment Foundation UK A Critical Guide to Evidence Informed Education analyses the role of research in education and its potential for improving education policy and practice The book considers how divisions both between different research traditions and between theory and practice are hindering progress Additional online content gives readers access to extra resources such as reflective questions and technical annexes to deepen understanding Drawing on their experiences both as teachers and researchers the authors expertly review fundamental questions about what research is what it is for and the challenges of generating communicating and using evidence The book skilfully synthesises perspectives on evidence informed education forming connections across the divided field and championing a more collaborative and eclectic approach For education students teachers and school leaders this book is an accessible and invaluable guide to the methods problems and key findings from several interconnected areas of education research For researchers this book offers an extended critical commentary and methodological critique of several

related research communities and their current and potential contribution to educational improvement The authors invite and equip readers to take their own stance on current and perennial debates about the role of research and evidence in improving education Thomas Perry is an Associate Professor at the University of Warwick He is a former schoolteacher who now teaches about education research methods and advises and supervises researchers at all levels including leading the Education Doctorate EdD programme at Warwick His research and teaching are focused on research methodology and the role of research and evidence in improving education policy and practice Rebecca Morris is an Associate Professor at the University of Warwick She is a former secondary English teacher and has previously worked at Durham University and University of Birmingham Rebecca s research interests include education policy teacher education and the teacher workforce English and literacy and widening participation She is an editorial board member for the British Educational Research Journal and Educational Review
