Nock, 2006 This edited collection examines aspects of the lives of individuals of European ancestry and organizations working with Aboriginal peoples against injustice in colonial Canada between the mid 19th century and the first 2 decades of the 20th century The people in these chapters allied themselves with Aboriginal people who were actively resisting injustices and worked in various ways to address them **The Records of the Department of the Interior and Research Concerning Canada's Western Frontier of Settlement** Irene M. Spry, Bennett McCardle, University of Regina. Canadian Plains Research Center, 1993 The Dept of the Interior was in existence from 1873 to 1936 Forging the Prairie West John Herd Thompson, 1998 The word prairie calls to mind a vista of golden grain or Red River carts crossing a sea of waving grass Canadians forget that the provinces sometimes called prairie span enormous geographical diversity from the grasslands to the poplar bluffs of the park belt from the Canadian shield to the Rocky Mountains The human geography of these provinces is equally diverse Forging the Prairie West explores the histories of the peoples who created this complex region over the past four centuries It begins with an account of the First Nations of the region and of the fur trading partnership they established with European traders After two centuries of co operation the Europeans subjugated the native peoples Despite the determined resistance of the Metis led by Louis Riel the Prairie West became part of the new Canada After the region entered Confederation the North West Mounted Police the Canadian Pacific Railway farmers and cattle ranchers incorporated into an expanding transcontinental economy These topics are followed by a discussion of the Western boom after 1900 when the Canadian Prairies became the Last Best West to thousands of homesteader families from Eastern Canada the United States and Europe Not all the immigrants to the Prairie West were farmers Class conflict marked the rapidly growing cities that mushroomed along the new railway lines most dramatic among them the Winnipeg General Strike of 1919 which focused the eyes of the world on the Manitoba capital North West Mounted Police swinging baseball bats rode down the strikers on Bloody Saturday leaving two strikers dead and dozens wounded Subsequent chapters recount the creation of the massive Prairie wheat marketing pools the rise of western political parties including the Progressive Party Social Credit and the CCF and the impact of the Second World War Forging the Prairie West then examines the post 1945 transformation of the prairie provinces with the emergence of the oil industry the rise of agribusiness and the rapid suburbanization of prairie cities The concluding chapter tells the region's story right into the 1990s with a discussion of

burgeoning regional alienation and the growth of the Reform Party The most striking feature of this book are the 166 paintings drawings period maps and photographs A third of them have never before been published others have become near iconic but are interpreted here in original ways These images are not simply illustrations but part of the story They depict everything from the buffalo hunt fur trade posts and Mounties to CPR advertising native parents camped outside a residential school and a cover from the newspaper of the Saskatchewan Ku Klux Klan

Saskatchewan Premiers of the Twentieth Century Gordon L. Barnhart, 2004 From the optimism associated with provincial status in 1905 through the trials of Depression and war the boom times of the post war period and the economic vagaries of the 1980s and 1990s the twentieth century was a time of growth and hardship development challenge and change for Saskatchewan and its people And during the century twelve men from a variety of political parties and from very different backgrounds led the government of this province The names of some like T C Douglas and Roy Romanow are still household names while others like Charles Dunning and William Patterson have been all but forgotten Yet each in his unique way for better or for worse helped to mould and steer the destiny of the province he governed These are their stories
