Smith, 1996-07-01 *Developing a Child's Spiritual Growth Through Sight, Sound, Taste, Touch & Smell* Judy Gattis

Smith, 1983 Parenting by Developmental Design Vivian L. Houk, 2010-01-15 In this book Vivian Houk acknowledges that parenting is really hard work. There is no getting around that. It just is. While many books have been written about all major areas of development, she brings light to what may be the least understood and most confusing area of parenting today: the spiritual lives of their children. *Parenting by Developmental Design* was written for interested and engaged parents who need affirmation and want to know more about the pathway of spiritual formation for their children. For those who don't know how to begin, it offers hope and encouragement. God has given us some amazing and powerful tools, writes Houk, which are useful and effective in providing direction for those of us who suffer from the fear of failure or incompetence. We have the gift of imagination, the use of symbol, ritual, and celebration, and the tools for calming fears and healing wounds. And above all, the gift of the Holy Spirit. You are not alone or incapable. Anyone who values the stories of both the adult and child who walk with God will find this book enjoyable, engaging, and challenging. *Beyond the Birds and the Bees* Greg Popcak, Lisa

Popcak, 2014-06-26 *The Talk* It's one of the most daunting prospects parents face. Communicating the richness of Catholic teaching on sexuality in a faithful and effective way can be an overwhelming responsibility. But does it have to be so? In this thoroughly revised version of *Beyond the Birds and the Bees*, Greg and Lisa Popcak empower you with the tools needed to move well beyond the Talk by offering a comprehensive guide to raising sexually whole and holy children. Using the riches of Blessed John Paul II's Theology of the Body, the Popcaks help you safely navigate your children from infancy through the teenage years and beyond. This book answers the questions parents may have, including: What lessons must my children learn at each stage to develop a healthy Christian sexuality? How can I have age-appropriate conversations about sensitive issues with my children? How can I teach my children what it takes to be a true Catholic man or woman? How can I help my children have healthy Christian dating relationships and much more.

Transforming Bible Study with Children Patricia W. Van Ness, 1991 Uses the right brain/left brain methodology popularized by Walter Wink in his classic book *Transforming Bible Study*. Patricia W. Van Ness shows how to present imaginative Bible Study lessons that take advantage of the unique way in which children learn, focusing on wonder, imagination, and prayer rather than on information. Van Ness specifically demonstrates how to prepare a lesson so that this transformative process can take place. She also shows how to adapt the lesson with children. Spiritual Care in Nursing Practice Kristen L. Mauk, Nola A.
