The Development of Corporate Capitalism in Kenya, 1918-77 Nicola Swainson, 1980-01-01 **The Development of Corporate Capitalism in Kenya** Nicola Swainson, 1980 Industrialization in Kenya Peter E. Coughlin, Gerrishon K. Ikiara, 1988 *An Economic History of Kenya* William Robert Ochieng', Robert M. Maxon, 1992 **Decolonization & Independence in Kenya, 1940-93** Bethwell A. Ogot, William Robert Ochieng', 1995 This is a sharply observed assessment of the history of the last half century by a distinguished group of historians of Kenya At the same time the book is a courageous reflection in the dilemmas of African nationhood Professor B A Ogot says The main purpose of the book is to show that decolonization does not only mean the transfer of alien power to sovereign nationhood it must also entail the liberation of the worlds of spirit and culture as well as economics and politics The book also raises a more fundamental question that is How much independence is available to any state national economy or culture in today s world It asks how far are Africa s miseries linked to the colonial past and to the process of decolonization In particular the book raises the basic question of how far Kenya is avoidably neo colonial And what does neo colonial dependence mean The book answers these questions by discussing the dynamic between the politics of decolonization the social history of class formation and the economics of dependence The book ends with a provocative epilogue discussing the transformation of the post colonial state from a single party to a multi party system Africa South of the Sahara 2003 Europa Publications, 2002-10-31 A one volume library of essential and comprehensive data on all the countries of sub Saharan Africa including essays on regional issues statistical surveys and directories of invaluable contact names and addresses **Agribusiness in Africa** Barbara Dinham, Colin Hines, 1984 **A Modern History of Kenya, 1895-1980** William Robert Ochieng', 1989 Essays on the Political Economy of Rural Africa Robert H. Bates, 1987-04-20 The essays in this volume represent a dialogue between theory and data The theory is drawn from a branch of contemporary political economy which can also be labeled the collective choice school The data are drawn from Africa The book extends the methods of reasoning developed in collective choice from their original base the advanced industrial democracies to new territory the literature on rural Africa Such as extension challenges the power of this form of political economy It also enriches it for the central questions which motivate the contemporary study of political economy are often addressed with unique clarity in the scholarship on rural Africa **From Economic Nationalism to Neo-liberalism** Francis Adams, 1992 **A Study of the Missing Middle in Kenya** David Ferrand, 1996 **Into the 80's** Canadian Association of African Studies. Conference, 1981 *Kenya* Norman Miller, Rodger Yeager, 1994 Kenya simultaneously heralded for its political stability and economic success and criticized as a wellspring of elitism and class exploitation remains a close ally of the West and a symbol of capitalism in Africa Yet its exquisite natural beauty and wildlife hide a more mundane reality The country is rural poor and without mineral wealth and less than 20 percent of Kenya s land area is readily available for dense human settlement In this revised edition Miller and Yeager address these social

issues while tracing political and economic developments from early precolonial times to the contemporary period The book captures the aggressive self confident spirit that characterizes Kenya and provides unique insights into how this nation of contemporary Africa is faring in its continuing quest for prosperity **African Studies Review** ,1990 *Transafrican Journal of History* ,1985 **Kenya** Bethwell A.
