Joomla! For Dummies Seamus Bellamy, Steve Holzner, 2011-01-13 Build template-based web sites without the hassle of writing code. Joomla is a free, open-source PHP/MySQL-based content management system that allows you to create interactive, community-based web sites without having to write or program code in PHP or ASP.NET. This fun and friendly introduction to Joomla shows you how to create a rich, interactive web site that does not require any code. No matter your skill level, this easy-to-understand resource demonstrates how to drop preconfigured modules that already contain PHP and MySQL code directly into your Joomla site. Thanks to the Dummies' fun and friendly approach, you'll quickly see how easy it is to create a rich, interactive web site with Joomla. Demonstrates how to create a business site complete with shopping cart, quickly and easily. Walks you through developing web sites with discussions, RSS feeds, picture submissions, and more. Includes coverage of the newest version of Joomla, explains its completely new administrative features, and reviews its ability to provide different levels of access to different users via much-requested access control lists. Find out why Joomla is the easiest way to build an interactive, community-based web site.
