Honest Ai Side Hustles In The United States:

Congressional Record United States. Congress,1996 *Decisions and Orders of the National Labor Relations Board*
United States. National Labor Relations Board,2000 *The original Americans: US Indians* James Wilson,1980-06-01 The
Trail of Broken Treaties was the name given to a major protest by US Indians It reflected their anger at their continued
suffering more than a century after their final defeat by US forces At the time of Columbus there were probably more than
600 autonomous Indian societies ranging from tiny hunting and gathering bands to sophisticated agricultural nations Despite
their differences all shared a complex pattern of interwoven relationships and a deep feeling for their land and their way of
life Initially many Indian peoples welcomed and assisted the colonists but their kindness was repaid by brutality
dispossession and death The invaders advanced into the interior of the continent displacing the people and destroying the
environment The Indians fought back using entreaty law and force The treaties they negotiated with the government were
ignored and broken and they were gunned down and herded into reservations Their land and livelihood were stolen from
them their religion and culture ignored and the Indian peoples were forced to live on the margins of mainstream society
Today one and a half million US Indians are fighting back for land and water rights to stop destructive mining and ranching
against stifling government bureaucracy and for new initiatives in education health and justice The Original Americans US
Indians gives a detailed account of the history of Indian White relations and the frustrations faced by Indians today Written
by James Wilson who travelled extensively in the US gathering material for this report it is essential reading for teachers
