Radical Reporting Sara I. James,2025-01-31 If I were giving out an award for book of the year for internal audit professionals I would certainly award it to her outstanding manuscript *Radical Reporting Writing Better Audit Risk Compliance and Information Security Reports* Richard Chambers Former President and CEO The Institute of Internal Auditors Most people dread writing reports they also dread reading reports What they don t realize is that the techniques that make writing more readable make it more powerful This is especially relevant for professionals in areas such as audit risk compliance and information security This small volume provides the tools and techniques needed to improve reports It does so through addressing crucial concepts all too often overlooked in the familiar rush to perform tasks complete projects and meet deadlines These concepts the role of culture in communication the link between logic and language the importance of organizing thoughts before writing and how to achieve clarity may seem academic or theoretical They re not Unless writers understand their own thoughts actions and objectives they cannot hope to communicate them at all let alone clearly This second edition develops these points with additional material on critical thinking as well as the use of AI in reporting

The Opposite of Cheating Tricia Bertram Gallant,David A. Rettinger,2025-03-11 In these days of an ever expanding

internet generative AI and term paper mills students may find it too easy and tempting to cheat and teachers may think they can't keep up. What's needed and what Tricia Bertram Gallant and David A Rettinger offer in this timely book is a new approach, one that works with the realities of the twenty-first century not just to protect academic integrity but also to maximize opportunities for students to learn. *The Opposite of Cheating* presents a positive forward-looking research-backed vision for what classroom integrity can look like in the GenAI era both in cyberspace and on campus. Accordingly, the book outlines workable measures teachers can use to better understand why students cheat and to prevent cheating while aiming to enhance learning and integrity. Bertram Gallant and Rettinger provide practical suggestions to help faculty revise the conversation around integrity, refocus classes and students on learning, reconsider the structure and goals of assessment and generally reframe our response to cheating. At the core of this strategy is a call for teachers, academic staff, institutional leaders and administrators to rethink how we show up for students and to reinforce and fully support quality teaching, learning and assessment. With its evidentiary basis and its useful tips for instructors across disciplines, levels of experience and modes of instruction, this book offers a much-needed chance to pause, rethink our purpose and refocus on what matters: creating classes that center human interactions that foster the personal and professional growth of our students.

Reinventing Blogging with ChatGPT Laua Maya, 2023-05-12 *Reinventing Blogging with ChatGPT* is a comprehensive guidebook for bloggers and authors seeking to enhance their content creation workflow through the use of AI language model ChatGPT. The book provides a clear and concise overview of the entire process from identifying target audiences and niches to sharing posts on social media and evaluating blog performance. What sets this book apart is its focus on writing from prompts. To aid bloggers in generating fresh and creative ideas, the authors provide various sentence, multiple sentence and conversation prompts throughout the book. These prompts are designed to complement specific chapters such as *Creating Your Blog's Mission Statement* and *Brainstorming Blog Post Topics* and can help bloggers who may be struggling to come up with ideas. In addition to prompts, the book covers other essential aspects of blogging such as search engine optimization, SEO, affiliate marketing and social media promotion. The authors offer actionable advice and tactics on how to increase visibility and readership through strategic use of these tools. For instance, in the chapter *Inserting Strategic Links and Affiliate Links*, the writers provide best practices for incorporating affiliate links to monetize blogs without sacrificing writing integrity. The book also devotes several chapters to leveraging ChatGPT to improve the content development process. The authors provide an overview of ChatGPT and explain how to use it for generating topic ideas, refining writing and creating attention-grabbing headlines. The prompts offered throughout the book make it easy for bloggers to produce high-quality content quickly and easily. Another key feature of the book is its focus on reader engagement. The authors offer practical advice on developing relationships with and maintaining interest from the target audience. The section *Interacting with Your Audience* details how bloggers can encourage conversation and feedback through comments and other tools.

Finally the book concludes with a chapter on performance analysis The authors provide guidance on measuring the success of blog content using metrics such as readership and time spent on site By monitoring these statistics bloggers can identify what is working and what is not leading to better content and higher rankings In conclusion Reinventing Blogging with ChatGPT is an invaluable resource for bloggers and authors seeking to improve their content creation process and attract a larger readership The book s emphasis on writing from prompts and practical advice for audience engagement and performance analysis make it a must read for bloggers of all skill levels **Baiting Success** Barrett
