This book shows that personal branding could help in every aspect of the career: to win a job, to get your boss's approval, to seal a deal. There are case studies in this book to prove all these. Curnutt aka Pastor Dan: My favorite part of this book is when the author highlights four successful brands and shows how you can apply the techniques of their success to your own personal branding. I hadn't thought so deeply about how to take an analytical approach to my self-presentation online, and I loved both the information and the advice on how to track my progress.
