**The Personal and the Professional in Aid Work** Anne-Meike Fechter, 2016-03-16 This book considers how the

personal and the professional dimensions are related and how they matter for aid work The contributions to this edited volume are based on the assumption that all actors are relevant in development including national and international aid workers A key question which the book explores is why the personal so often remains unacknowledged in development studies even though its salience for aid workers is well documented One possible reason is an implicit narrative of aid work as altruistic and self sacrificing which renders it inappropriate to devote much attention to the experiences of development professionals themselves In order to redress this this book critically considers the kind of difference they make and aims to understand how they respond to the challenges of their work The book explores their efficacy as human beings and employees with individual subjectivities social and cultural beliefs and practices and documents how these shape their involvement in development processes This book was published as a special issue of Third World Quarterly **Library + Information Update** ,2004 *The New York Times Index* ,2008 Work at Home Now Christine Durst,Michael Haaren,2009-11-01 Many legitimate home based jobs and projects can be found online but trustworthy guidance is scarce Worse with a 56 to 1 scam ratio in work at home ads the terrain is a minefield of fraud Nevertheless customer service agents researchers test scorers tutors writers and concierges are just a few of the many people regularly hired to work from home A growing number of Fortune 500 companies including UnitedHealth Group American Express and Northrop Grumman also hire home based personnel In Work at Home Now you ll learn The top insider tips on good and bad Google search terms How to find the needles in the haystack on Craigslist Indeed Monster CareerBuilder and other big sites Where the real jobs for mystery shoppers transcriptionists and similar part time specialties can be found Scam spotting tips that even law enforcement doesn't know Including interviews with hiring managers and successful **100+ REAL Work from Home Jobs, Gigs, Careers, and Side Hustles that You Can Do RIGHT NOW** Rebecca Hurst,2020-06-08 Yes you really can make an actual income working from home Under the recent advice of social distancing and stay safe stay at home the advantage in today's workforce lies with those people who are able to do real work from home Because let's face it this will not be the only instance in our lifetime where we will encounter the need to lock down and shelter in place In my book I show you over 100 ways you can have a successful career working from the comfort of your own home My Work from Home book addresses all skill levels and touches on nearly every sector of gainful employment that can be performed remotely From highly skilled medical professionals to someone just now entering the workforce with little to no prior experience there's a job for you If you're just looking to make some extra side income or work at your own pace this book is for you too Many positions can be tailored to your preferred schedule what your expertise is and what your level of comfort with technology might be I took the guesswork out of the equation for you Other books blogs and articles will direct you to the link to find the job and then you have to figure out if it is for you The goal of my book is to cut out some of that guesswork for you by supplying you with as much information as possible so that you can start your own process without having to wade through

all the internet muck I have done the heavy lifting for you You will find at least one chapter that seems like it was written especially for you in your situation This book is set up in chapters divided by how you would go about finding a job you love The first part is about finding what work you might want to do establishing what you re good at and general advice about job hunting and working from home The bulk of the book is dedicated to practical guidance for finding that job in the real world You can peruse the types of jobs that can be done remotely and how you might go about performing the job you love Conversely I have provided you with a listing of over 60 companies who are actively hiring remote work from home workers Out of the 100 ways to work from home you re sure to find something you never thought of doing Finally I wrap up with addressing places to find freelance or gig work and suggesting some job opportunities you might take advantage of working from your house as a base of operations While these jobs might not be done completely at home you can still work out of your house without having to step foot in a cooperate office It s better in the eBook format I would highly recommend purchasing or gifting this book in the Kindle eBook format because it is filled to the brim with helpful links that are clickable when read in the eBook format If you have a Kindle Unlimited membership you can also get this title for FREE for a limited time so be sure to click Read for Free before this title is removed from Kindle Unlimited [Blogging for Beginners](#) Salvador
