

# Automatic Shoppable Images

Automatically detect objects with ML to rapidly set polygon focal points & hotspots for products on assets and banners.

- **Advantage:** reduces the time and cost associated with manually making ACV-driving shoppable campaign images that work across every device
- **Precision:** AI automatically and accurately identifies the boundaries of objects in images for use as clickable focal points or hotspots
- **Interactive:** provide additional product information within shopping experiences that go beyond static product images
- **Frictionless:** give your customers precisely what they need without them having to navigate away
