

# 12 Study tips for college students

01

## Stay ridiculously organized

If your materials are not appropriately organized, you can't study from them

02

## Take excellent notes

If your notes are bad or incomplete, you won't have good study materials.

03

## Know task + time management principles

If you don't know what to do and when you can do it, it won't happen.

04

## Prepare for hard classes

Preparing for hard classes ahead of time engages the brain in a cool process called "priming."

05

## Review material between classes

Regularly reviewing course material between classes ensures that you won't forget everything you learn before your next class.

06

## Pick apart previous tests

Pick apart prior assessments to learn your teachers' test-creation styles. This is valuable information.

07

## Use spaced repetition

Spreading study sessions out over time lets your working memory to "forget" content just in time for your next session

08

## Learn, don't memorize.

Memorization is temporary. Believe it or not, learning is often easier than memorizing.

09

## Make your own study guide

Use notes, videos, textbooks + class materials to make a study guide and answer key

10

## Study like it's your job.

Hold yourself accountable. Get there. Put your phone away. Commit to yourself.

11

## Study in groups strategically

Study by yourself first; in groups second.

12

## Use active recall

If you're not using active recall, you're not actually studying.
