Launch Advertising and Promotion is written for advertising and promotion courses taught to students in the business school
and journalism mass communication students This textbook is the first of its kind to teach advertising concepts by reverse
engineering a real advertising campaign from beginning to end In April 2007 SS K an innovative New York City
communications agency launched the first ever branding campaign for msnbc com with the tag A Fuller Spectrum of News
Launch follows that campaign from initial agency pitch through roll out of print and media assets to post campaign analysis
Throughout it exposes readers to the theory and concepts of advertising and promotion and the personalities and decisions
that drove this campaign The book takes a rare look behind the curtain even letting you see some of the paths not chosen by
the agency and client Students get a realistic sense of how theory plays out in practice and get a flavor for the exciting field
of advertising and promotion And they consistently learn the perspectives of both the advertising agency where many
journalism and communications students will work and the client where many marketing majors will work This is a unique
book with a unique perspective by a unique author team and you won t find this kind of insight in any other text on the
market We think you re going to love it This textbook has been used in classes at Ball State University Emerson College
