[A Christian Mother's Survival Guide](#) Iris M. Shamble, 2005-05. More women are making choices of family now, career later. The trend is for younger mothers to take five years or so off while their children are young. These are some of the most impressionable years on our children. The world is getting to be a tough place to live as a Mother, and as a Christian. Raising children in today's society is a constant challenge for parents and children, but especially for Mothers who need to make a living. More children are spending. For the past 5 years, Iris has researched this subject and interviewed like-minded women to provide legitimate resources for mothers who not only desire to be with their families in the home but desire to make an income while doing so. Iris provides. Nearly 60% of our children are being raised in single-parent homes. At an alarming rate, marriages are failing at the rate of over 50%. This book addresses issues the single mother may encounter, such as loneliness, fear, and anger. You will find out how Iris will show you how to cultivate that gift or dream inside of you and bring it to fulfillment. Each and every one of us is uniquely designed for a purpose.

**Digital Anthropology** Haidy Geismar, Hannah Knox, 2021-05-26. Digital Anthropology 2nd Edition explores how human and digital can be explored in relation to one another within issues as diverse as social media, use, virtual worlds, hacking, quantified self, blockchain, digital environmentalism, and digital representation. The book challenges the prevailing moral universal of the digital age by exploring emergent anxieties about the global spread of new technological forms, the cultural qualities of digital experience, critically examining the intersection of the digital to new concepts and practices across a wide range of fields from design to politics. In this fully revised edition, Digital Anthropology reveals how the intense scrutiny of ethnography can overturn assumptions about the impact of digital culture and reveal its profound consequences for everyday life around the world. Combining case studies with theoretical discussion in an engaging style that conveys a passion for new frontiers of enquiry within anthropological study, this will be essential reading for students and scholars interested in theory of anthropology, media and information studies, communication studies, and sociology. With a brand new Introduction from editors Haidy Geismar and Hannah Knox, as well as an abridged version of the original Introduction by Heather Horst and Daniel Miller, in conjunction with new chapters on hacking and digitizing environments, amongst others, and fully revised chapters throughout, this will bring the field-defining overview of digital anthropology fully up to date.
