**Heritage: Shaping Sustainable and Innovative Futures** Walter Leal Filho, Larbi Safaa, Dalia Perkumienė, Maria Alzira Pimenta Dinis, 2025-06-26 This book brings together multidisciplinary contributions from various academic and professional backgrounds addressing the challenges and opportunities of sustainable tourism. It focuses on diverse themes such as the management of intangible cultural heritage, responsible practices in the tourism sector, and technological innovations including artificial intelligence. This book provides a comprehensive view of the sector through a variety of perspectives taking into account environmental, social, economic, and legal aspects. This diversity allows for the exploration of complex issues such as the sustainable management of natural resources, the protection of tourists' personal data in a digital context, and partnerships between tourism actors and local communities for the preservation of cultural heritage. One key issue explored is the growing role of technology, including reflections on the use of artificial intelligence in combating tourism-related cybercrime. The contributions come from authors affiliated with a wide range of institutions representing internationally renowned organizations from regions as diverse as Europe, Belgium, Lithuania, Latvia, Hungary, France, Italy, Portugal, Spain, as well as Turkey, Africa, Morocco, and Asia, China. This geographic and institutional diversity enriches the discussion on sustainable practices and innovations in the tourism sector, integrating both local and global perspectives. The accessibility of public spaces and leisure services for tourists, as well as market segmentation, are also discussed. This book stands out for its interdisciplinary approach, combining theory and practice to provide researchers, tourism professionals, policymakers, and heritage managers with innovative tools and strategies. It offers concrete and ethical solutions for the development of sustainable tourism that respects the cultural and natural values of territories while addressing contemporary demands for social and environmental responsibility.

**Social Media Measurement and Management** Jeremy Harris Lipschultz, 2024-08-01 This revised and updated textbook applies a critical and practical lens to the world of social media analytics. Author Jeremy Harris Lipschultz explores the foundations of digital data, strategic tools, and best practices in an accessible volume for students and practitioners of social media communication. This second edition expands upon entrepreneurship, marketing, and technological principles, demonstrating how raising awareness, sparking engagement, and producing business outcomes all require emphasis on customers, employees, and other stakeholders within paid, earned, social, and owned media. It also looks to the future, examining how the movement toward artificial intelligence and machine learning raises new legal and ethical issues in the effective management of social media data. Additionally, the book offers a solid grounding in the principles of social media measurement itself, teaching the strategies and techniques that enable effective analysis. It features theoretical and practical advice, a comprehensive glossary of key terms, and case studies from academic and industry thought leaders. A perfect primer for this developing industry, this book is ideal for students, scholars, and practitioners of digital media seeking to hone their skills and expand their bank of new tools and resources.
