4/2024 AA.VV.,2025-01-10T00:00:00+01:00 In order to translate the vast body of scientific knowledge into practices that transform organizations and processes to create value for business and wellbeing for society a dialog between academic research and management practice is essential Although the impact of research has traditionally been measured in academic terms it is now also being considered from a socioeconomic perspective assessed according to how it affects society the economy and the environment Innovation can only be accelerated and the ramifications of research maximized by fostering mutual learning between academia and business through an interdisciplinary approach **The Real Labor vs. Capital**

**Playbook** Rajesh Kumar OTG,2025-09-29 Are you tired of feeling like a cog in the machine Do you feel that no matter how hard you work true financial freedom remains just out of reach This book is a direct challenge to the old outdated rules of wealth and work For generations we ve been conditioned to follow a simple path get a job climb the corporate ladder and hope for a secure retirement But in a world of inflation automation and ever growing inequality that path is no longer a promise it s a trap The Real Labor vs Capital Playbook This book is your guide to breaking free It s a comprehensive 400 chapter manual for thinking like an owner rather than just an employee It s not about get rich quick schemes it s about a fundamental shift in your mindset and a practical step by step roadmap to building a life of true ownership and purpose The journey begins by confronting a powerful truth the modern economy is built on an Exploitation Architecture We ll explore the hidden systems that keep you dependent on a paycheck The Systemic Design We deconstruct how power imbalances wage

design secrets and globalization arbitrage are used to benefit owners at the expense of workers You ll learn why your raises never seem to keep up with inflation and how monopolies suppress wages Profitability Over People Discover how companies use profit driven layoffs the overtime economy and gig work exploitation to boost their bottom line We pull back the curtain on the two class workforce and the real financial cost of being loyal to a single employer Psychological and Behavioral Exploitation This section reveals the subtle mind games used to keep you trapped From the promotion mirage and trophy culture to the golden handcuffs of high salaries you will learn to recognize and resist the psychological manipulation that keeps you on the hamster wheel Owners Desires vs Workers Realities We lay bare the stark contrast between the luxury economy of the elite and the financial struggles of the average worker You ll see how your labor funds the vanity projects and risky ambitions of owners while you bear the financial risk Breaking the Cycle This is where the shift begins We move from awareness to action providing you with the models to begin your escape From the side hustle revolution and digital leverage tools to the principles of building passive income architectures you will learn how to start creating your own wealth The second half of this playbook is your blueprint for action taking you from theory to implementation with practical toolkits financial models and blueprints for a smooth transition The 4 Stage Wealth Transition Blueprint A clear step by step plan for moving from paycheck dependency to asset based freedom Practical Roadmaps Learn the 12 month roadmap from salary to side hustle and discover how to build a business on a budget even with an initial investment as low as ten thousand rupees Financial Frameworks Master goal setting frameworks risk assessment matrices and cash flow mapping to manage your money like a personal CFO The Full Transition Playbook This section provides a step by step checklist for moving from a side hustle to a full time entrepreneur and building a scalable profitable business This book is more than a guide it is an economic rebellion It arms you with the knowledge and tools to reclaim your time your finances and your future Whether you are a mid career professional a young graduate or a seasoned expert this playbook offers a new way forward Your journey begins now

**The Economics and Regulation of Digitalisation** Muzaffer Eroğlu, Matthias Finger, Emin Köksal, 2024-10-14 Turkey offers an interesting case study both when it comes to the practice and the regulation of digitalization as it combines a Western economic and legal system with an emerging country approach to digitalization This co edited volume examines the history policies economics and various regulations of digitalization in Turkey The chapters provide a comprehensive overview of how digitalization has developed in Turkey and how digitalization has come to be regulated inspired by EU legislation yet with a Turkish touch It explores the take up of digitalization by industry society and government before delving into examples from FinTech and cryptocurrency to social media and e commerce and yielding lessons for comparable emerging countries Covering all the relevant aspects of digitalization this book will be of interest to academics and students particularly to those with an interest in innovation economics of digitalization policy and regulation **AI Trends , Management of Healthcare in India** Tilak Shankar, 2025-12-08 The book analyses the four key pillars of Indian healthcare information

management human resources and financing to identify major systemic flaws and proposes practical actionable solutions It highlights how better resource utilisation can improve patient care reduce costs and enhance access India s complex and multiple healthcare systems have proved incapable of delivering affordable care to its population Acute funding shortage is one of the reasons for poor health outcomes Public health with its vast countrywide network is hamstrung by a procedure bound bureaucrac which does not focus on patients Private healthcare institutions offer excellent tertiary care on par with global quality standards but excessively focus on profitability Non profit healthcare organisations that offer succour to the underprivileged sections of society are faced with perennial funding challenges India needs a strong public health system robust non profit healthcare institutions and high quality private hospitals The Indian hospital sector is now an attractive destination for investment Private equity investments into private hospitals have made superior quality of care with state of the art technology possible This book will be of interest to academics and practitioners in the field of medical sociology history of medicine health and development studies healthcare administration and management and South Asian studies
