Russian Nazi Troll Bots! Eric W. Saeger,2018-08-24 It is beyond dispute that trolls and automated bots helped Donald Trump win the White House in 2016 Some of the troll operations involved were based in Russia but domestic interests also participated in the invasion In fact trolls of all types from all corners of the internet came together in a perfect storm of propaganda disinformation and political dissent The confusion wrought by the multi pronged troll invasion still affects our online spaces today leaving many questions unanswered Who are the trolls What do they want How do they operate Why couldn't our intelligence agencies put a stop to Russian and right wing trolling Can trolling be stopped And what's with all the freakin Nazis One thing is certain the troll invasions wouldn't have succeeded if America hadn't been divided on many pressing issues Deep cultural woes such as racism our New Generation Gap and the slow destruction of the middle class were part of the toxic environment that allowed trolls to flourish This book the first from software expert award winning internet troll and long time underground culture fixture Eric Saeger examines all these issues with an impartial eye The limitations and realities of current technology are explained in clear simple language revealing the tactics of everyday trolls and describing how future technology promises to make the internet a safe livable place for everyone Most important of all along the way you'll see the humor in our dire but salvageable situation Once we understand the invaders we'll no longer fear RUSSIAN NAZI TROLL BOTS

Financial Services Marketing Christine Ennew,Nigel Waite,Róisín Waite,2024-10-02 This fourth edition of Financial Services Marketing firmly reinforces the book's role as a leading global educational resource combining appropriate conceptual principles with practical insights on how financial products and services are marketed in the real world The authors draw upon their extensive international experience marketing some of the world's best known financial brands including Lloyds TSB and Barclays Readers will gain a firm understanding of how financial products and services work within the commercial social economic governmental regulatory and environmental context in which they operate This fully updated and revised edition features A brand new chapter devoted to environmental social and corporate governance Revised coverage of the impact of digital advances in all aspects of business models and marketing practice including how artificial intelligence AI and social marketing are changing financial services and customer experience The latest regulatory developments for safeguarding the fair treatment of customers New and improved case studies that showcase best practice from around the

world Upgraded Support Material including new teaching aids and references Financial Services Marketing is essential reading for advanced undergraduate and postgraduate students studying Marketing for Financial Services Marketing Strategy and Consumer Ethics in Finance It is also suitable for executive students studying for professional qualifications and executive MBAs

Contemporary Gender Formations in India Nandini Dhar,2024-02-27 The volume discusses critical issues surrounding the developments in gender movements in the last two decades in India following the Delhi rape case and the ensuing massive protests in December 2012 A critical documentation of some of the key moments surrounding the contemporary gendered formations and radicalisms in South Asia the chapters span questions of class caste sexuality digital feminisms and conflict zones The book looks at anger protest and imaginations of resistance It showcases the new visibility that digital spaces have opened up to lend voice to survivors who are let down by traditional justice mechanisms and raises questions regarding individualized modes of seeking justice as against traditional collective voices that have always been a hallmark of movements The volume analyses and criticizes the complicity of the state and the court as agents of reinforcing gender violence an issue that has not been theorized enough by activists and scholars of violence Further it also delves into the MeToo movement and the LoSHA as both have raised contentious controversial and often conflicting debates on the nature of addressing sexual harassment particularly at the workplace Calling for further debate and discussions of cyberspace gender justice sexual violence male entitlement and forms of neoliberal feminism this volume will be of immense interest to scholars and researchers in the areas of women and gender studies sociology and social theory gender politics political theory democracy protest movements politics media and the internet political advocacy and law and legal theory It will also be a compelling read for anyone interested in gender justice and equal rights
