Modern Teacher Education: Principles, Practices, and Future Trends Christian Rafael Quevedo Lezama, Dr. T.V.S.Padmaja, Dr. Ruby Tyagi, Dr. Uma Rajmohan, 2025-06-11 Modern Teacher Education Principles Practices and Future Trends is a comprehensive textbook designed to guide educators through the evolving world of teaching and learning. Covering a wide range of essential topics, the book serves as a vital resource for teacher trainees, educational professionals, and policy enthusiasts. It combines core teaching principles with forward-looking approaches, ensuring a balance between foundational knowledge and contemporary needs. The book begins with a foundational understanding of teacher education, tracing its historical development and addressing modern challenges. It then explores the philosophical, psychological, and developmental bases of teaching, followed by a deep dive into curriculum design, pedagogical strategies, and student assessment techniques. Practical aspects such as classroom management, teacher training, professional development, and the integration of technology in education are presented in clear and concise terms. A unique feature of this book is its emphasis on future trends and global perspectives. It discusses the role of emerging technologies like AI and blended learning along with contemporary policy frameworks and governance structures that shape teacher education worldwide. Each chapter is structured to support independent learning, reflection, and skill building. With accessible language, structured content, and insightful commentary, this book empowers educators to become more reflective, responsive, and innovative. It prepares them not just to teach but to lead, inspire, and adapt in a constantly changing educational environment. Whether used in academic settings or for personal development, this book is a meaningful contribution to the field of modern teacher education.

Building Teaching Competencies for AI-Driven and Inclusive Learning Cruz, Mário, Queirós, Ricardo, Mascarenhas, Daniela, 2025-11-05 The rapid integration of artificial intelligence (AI) into education reshapes how teachers design, deliver, and assess learning experiences. As classrooms become more diverse and technologically developed, educators must create new competencies to harness AI tools while ensuring inclusive, equitable learning environments. *Building Teaching Competencies for AI-Driven and Inclusive Learning* utilizes emerging technologies while applying them in ways that support all learners. This shift enhances professional development, curriculum design, and pedagogical strategies to prepare educators for human-centered teaching and intelligent technologies. *Building Teaching Competencies for AI-Driven and Inclusive Learning* explores how educators can develop the skills and knowledge needed to integrate AI technologies into teaching while fostering inclusive learning environments. It examines the intersection of technology, pedagogy, and equity to ensure all students benefit from AI-enhanced education. This book covers topics such as professional development, special education, and data analysis and is a useful resource for educators, computer engineers, sociologists, academicians, researchers, and data scientists.
