Multilingual Classrooms for Young Children in the UK Jieun Kiaer, 2025-01-14 This book demonstrates the importance of raising multilingual children in the UK both for the children's own benefit and for the benefit of society as a whole. Against the backdrop of both the rich linguistic diversity already present in the UK and the challenges faced by any languages other than a few major European languages to find any space in educational contexts, the author challenges the myth that multilingualism hinders English language acquisition and use, instead emphasising the cultural and cognitive advantages of multilingual education and support for home and community languages. The book is a call to action for educators, policymakers and parents, combining practical strategies with research-based insights to support its readers in advocating for multilingual education. It presents a hopeful vision for education in the UK where teachers can combine technological innovations and the linguistic resources of their classrooms and communities to support and promote multilingualism. **AI**

**Algorithms and ChatGPT for Student Engagement in Online Learning** Bansal, Rohit, Chakir, Aziza, Hafaz Ngah, Abdul, Rabby, Fazla, Jain, Ajay, 2024-05-28 The shift to virtual education has presented numerous challenges, including maintaining student focus and participation. Traditional methods of instruction often need to catch up in capturing the attention of digital learners, leading to disengagement and reduced learning outcomes. However, there is a solution at hand. AI Algorithms and ChatGPT for Student Engagement in Online Learning offers a comprehensive approach to leveraging artificial intelligence (AI) algorithms and ChatGPT to enhance student engagement in digital classrooms. This book addresses the pressing need for innovative strategies to keep students actively involved in their online learning journey. By harnessing the power of AI algorithms, educators can personalize learning paths to suit individual student needs, ensuring that content is relevant and engaging. Additionally, ChatGPT serves as a virtual assistant, providing students with instant feedback and support, fostering a sense of connection to the learning process.

**The Role of Generation Alpha in Building a Strong Organizational Culture** Şeker, Cemile, Polat, Murat, 2025-10-23 The ongoing digital transformation is fundamentally reshaping human behavior, communication, and social structures, with particularly profound implications for the workplace. Generation Alpha, the first generation to be fully immersed in digital technology from birth, brings with it a unique blend of technological fluency, global awareness, and strong values around inclusivity, sustainability, and ethical responsibility. As this generation enters the workforce, their expectations for collaboration, flexibility, and meaning-driven work challenge traditional organizational norms and leadership models. Understanding and adapting to these shifts is essential for building resilient, future-oriented organizational cultures. *The Role of Generation Alpha in Building a Strong Organizational Culture* examines the impact of Generation Alpha on organizational culture as they begin entering the workplace. It explores how Generation Alpha's value system, technological savvy, communication styles, and leadership ambitions engage with organizational culture frameworks. Covering topics such as artificial intelligence, hyper-personalization, and social intelligence, this book is an
