AI in Marketing, Sales and Service Peter Gentsch, 2018-10-22 AI and Algorithmics have already optimized and automated production and logistics processes Now it is time to unleash AI on the administrative planning and even creative procedures in marketing sales and management This book provides an easy to understand guide to assessing the value and potential of AI and Algorithmics It systematically draws together the technologies and methods of AI with clear business scenarios on an entrepreneurial level With interviews and case studies from those cutting edge businesses and executives who are already leading the way this book shows you how customer and market potential can be automatically identified and profiled how media planning can be intelligently automated and optimized with AI and Big Data how chat bots and digital assistants can make communication between companies and consumers more efficient and smarter how you can optimize Customer Journeys based on Algorithmics and AI and how to conduct market research in more efficient and smarter way A decade from now all businesses will be AI businesses Gentsch shows you how to make sure yours makes that transition better than your competitors

Transmedia Creatures Francesca Saggini, Anna Enrichetta Soccio, 2018-10-19 On the 200th anniversary of the first edition of Mary Shelley's *Frankenstein* Transmedia Creatures presents studies of *Frankenstein* by international scholars from converging disciplines such as humanities musicology film studies television studies English and digital humanities These innovative contributions investigate the afterlives of a novel taught in a disparate array of courses *Frankenstein* disturbs and transcends boundaries be they political ethical theological aesthetic and not least of media ensuring its vibrant presence in contemporary popular culture Transmedia Creatures highlights how cultural content is redistributed through multiple media forms and modes of production including user generated ones from below that often appear synchronously and dismantle and renew established readings of the text while at the same time incorporating and revitalizing aspects that have always been central to it The authors engage with concepts value systems and aesthetic moral categories among them the family horror monstrosity diversity education risk technology the body from a variety of contemporary approaches and highly original perspectives which yields new connections Ultimately *Frankenstein* as evidenced by this collection is paradoxically enriched by the heteroglossia of preconceptions misreadings and overreadings that attend it and that reveal the complex interweaving of perceptions and responses it generates Published by Bucknell University Press Distributed worldwide by Rutgers University Press
