within the workplace or professional sphere Inside Introvert's Guide to Being Social you'll learn how to prepare yourself for social situations as well as tips, tricks, strategies, exercises and information on effective communication. If you've ever found yourself frozen in conversation, sweating nervously at a party, dreading office events and making up bizarre excuses in order to get out of social occasions, then this book is for you. **Speak Up!** Patrick King, 2015-04-07. Do you feel like there is something wrong with you just because you prefer to leave parties early? Do you feel incredibly misunderstood if you prefer to stay in on a Saturday night occasionally or to spend time with yourself? And networking events aren't they a nightmare? I've been there and it's frustrating trying to live up to something or someone that you just aren't. Instead of recognizing the strengths and weaknesses of an introvert, you just continually try and fail to fit in with who you think people want. All you want to do is just take some time for yourself, dammit! Stop asking me if I'm tired or okay. **Speak Up!** reflects the research and techniques I've implemented in my own introverted life to extend my social battery, command social situations and generally fool everyone into thinking that I'm a major extrovert. Social confidence, winning friends and conquering social anxiety is largely a function of recognizing that introverts have unique strengths and at our best, we can do everything an extrovert can do and more. What will you learn inside this book? How to increase your social battery so you never have to leave a gathering early again. What you can do that an extrovert could never dream of. How to have great conversations when you are socially exhausted. Making sure that just because your battery is empty, you're not unapproachable or standoffish. What else? How social goals can you make you feel socially confident and smash anxiety in one step. The inevitable social dynamics when an introvert is around. Dating, flirting and deeper for introverts. The wallflower arrives and just hopes not to be noticed. They are forgettable, non-memorable and don't make an impression. Learn to smash all those and more in this book. You'll be able to make an instant impression and burn brighter and longer at any social situation. Never will you leave an event early or be a downer by calling it quits. You'll be able to hang with the best of the extroverts all while remaining yourself and giving your personality the chance to shine with improved social graces and presence. Most importantly, you give yourself the opportunity to make meaningful connections that you wouldn't otherwise. Don't hesitate to pick up your copy today by clicking the BUY NOW button at the top of this page. P.S. Never feel like you have to be something you're not again. **The Introvert's Survival Guide** Chris Giordano, 2017-10-20.
