A list building multiplier sounds too good to be true, but it works. You might even be on someone's list without intentionally meaning to. The system is a little known online marketing tactic. The valuable information you offer is important to them and they get something beneficial out of it. It costs you a lot of time and effort and some money to put it together for them and all you're asking for in return are their name, an email address, and a confirmation of their subscription. Those contact details are vital to you; they are a veritable goldmine because any one person in that list is a potential customer and is the key for you to make huge profits in this business. You need many contact lists to identify more potential customers. That's why you need a list building multiplier to help you get people to give you their contact details for free.
