The Future Conditional Eric S. Henry, 2021-05-15 In *The Future Conditional* Eric S Henry brings twelve years of expertise and research to offer a nuanced discussion of the globalization of the English language and the widespread effects it has had on Shenyang the capital and largest city of China's northeast Liaoning Province Adopting an ethnographic and linguistic perspective Henry considers the personal connotations that English has for Chinese people beyond its role in the education system Through research on how English is spoken taught and studied in China Henry considers what the language itself means to Chinese speakers How and why he asks has English become so deeply fascinating in contemporary China simultaneously existing as a source of desire and anxiety The answer he suggests is that English speaking Chinese consider themselves distinctly separate from those who do not speak the language the result of a cultural assumption that speaking English makes a person modern Seeing language as a study that goes beyond the classroom *The Future Conditional* assesses the emerging viewpoint that for many citizens speaking English in China has become a cultural need and more immediately a realization of one's future

Transformational Innovation in the Creative and Cultural Industries Alison Rieple, Robert DeFillippi, David Schreiber, 2023-06-13 Interest in the management of creative and cultural organisations has grown at pace with the size of this sector This textbook uniquely focuses on how innovation in these industries transforms practice Uncovering the strategic role of innovation for organizations in the creative and cultural sector the book provides readers with practical guidance to help traverse seismic disruptions brought about by global health and economic crises The authors examine how innovation in business models products services and technology has disrupted the competitive landscapes of the arts world Innovations are characterized as deriving from other industries as well as via exogenous shocks that privilege some companies over others Case studies bring to life how innovation is used strategically in different ways around varying competitive forces Enhanced by conceptual tools and replete with industry examples this textbook is an ideal resource for students and reflective practitioners to understand how innovation can be a productive tool for transforming their own creative and cultural industry practice and performance during a period of rapid technological change and unprecedented societal challenge
