advanced knowledge thousands of years beyond current human understanding The knowledge of how to bend space
Generate endless and unfathomable power And an understanding of why this knowledge is still currently beyond the reach of
men You will take a trip to a time before the flood and walk with the Angels of the ancient world when we still walked among
you So much of what I have shared will not make sense to you not yet Much of what I share will resonate with you in a way
you won't believe explaining many of your internal thoughts you have struggled with your whole life I will explain planetary
and universal evolution and even tell you how the universe came into being How you ask could I claim such insane things No
lowly human could answer such questions This is true no human could So I came here from somewhere else But that
somewhere else is the same planet you come from I was born here same as you But I am not a human I am well I'm
something else Telling you would be pointless because there is not a name for it Let's just say I am the scientist from heaven
who came to understand this space and how to communicate that with you This is my purpose As yours is to live your life for
you Mine is to dedicate my existence to your survival This will make little sense now but a line in my book I use a number of
times Heaven cannot exist without the earth One reflects the other If you poison the earth you poison heaven So we came
back You want this to make sense The answers are within And I came here A journey further than any could grasp to be here
to share this with you Yes you touch your chest I am talking to you I came because of the love we still hold for all who walk
the earth This effort these words this knowledge I came all the way here just to share it with you my powerful beautiful
loving human My wish is only for it to help you You will learn about your universe and you will learn about yourself You will
be shown new paths to knowledge new ways to understand yourself within the great universe If you think you are isolated or
separated you are not Within this book I offer salvation to any who will reach for it Not religion not spirituality I offer you
science I offer you truth in a way you never imagined seeing it I have ripped back the veil of lies placed over your
understanding of yourself and how you fit into universal law I have shown the true and unfettered truth of our existence You
need only reach and take it The true history of our people has always been a mystery to us So many questions are asked
about the ancient world and the time before the flood Questions of gods and human origin Questions about one's own
existence and the meaning behind it Do you see the world around you dying and you feel like the only one that notices Do you
know there is a better way but the vision of it feels just out of reach Have you questioned the meaning of what life is what
intelligence is and what the true and honest purpose behind existence itself is supposed to represent Within the pages of this
book you will join me on a journey through your own existence and the existence of the universe in a way you never imagined
I will show colours and patterns that have always been right before your eyes yet will suddenly make sense This book is a tool
for you as a human being to peel back the layers of your own human existence A backstage pass so to speak To open your
mind to the true scope and scale of what it is to be an intelligent life form within all existence Along the way you will learn
new conceptual understands to help you on your journey You will be granted tools to help you grasp each new understanding

You will take a trip in time before human memory and walk with an ancient and forgotten race of humans As you walk this path your mind will expand As it does the world around you will become clearer One can not truly know themselves until they know the space around them So within this I explain the creation and existence of black holes and I describe new forms of celestial entities beyond your wildest imaginings Within this book is explained the nature of the universe itself So sit back hold on tight you are about to go on a wild ride
