Organizational Communication and Technology in the Time of Coronavirus Larry D. Browning, Jan-Oddvar Sørnes, Peer Jacob Svenkerud, 2022-06-14 The pandemic has created a crisis that has no equivalent in recent history leading to a wide range of disruption across various social strata highlighting and reinforcing inequality and leading to profound organizational shifts In this book organizational communication scholars grapple with the implications of the pandemic for work and organizations examining the immediate impact on their personal lives in an ethnographic narrative but also theorising what the long term implications of COVID 19 will be The book also explores the devastating impact of the virus on healthcare workers on BIPOC entrepreneurs and on people in developing economies A timely innovative work this book will appeal to academics studying organizational communication organizational responses to crisis ethnographies and alternative research methods

India by Design Saloni Mathur, 2007-11-06 Eschewing simple formulation of power s dependence on display Saloni Mathur offers a brilliantly original disentangling of the anxious and involuted attempts to manage India as an aesthetic project Her account is rich in archival research theoretically elegant and exceptionally engrossing With remarkable clarity it opens colonial rule s cultural techniques to a new set of illuminating questions Christopher Pinney author of *Photos of the Gods The Printed Image and Political Struggle in India* India by Design is an elegant and precise book remarkable for its conciseness and clarity Taking a transnational perspective and deftly engaging postcolonial theory Mathur explores not only the representations but also the representational practices that shaped imperial colonial and postcolonial relations Barbara Kirshenblatt Gimblett author of *Destination Culture Tourism Museums and Heritage* Saloni Mathur s book is a gathering of rare gifts and talents With the subtle searching eye of an expert curator and the analytic skills of a fine scholar Mathur explores the diverse scales and conflicting values of colonial design and discourse arts and crafts Monumental histories of museums are placed beside the petits recits of post cards the picturesque Victorian portraiture of Indian life makes a fine contrast with the celebration of modern Indian art in the diasporic world of non resident Indians Always open to the lure and pleasure of Imperial display and spectacle Mathur is equally astute about its underlying strategies of surveillance and

subordination This remarkable work is deeply engaged in the mechanics and mediations of Imperial authority and its visual signs Homi Bhabha Anne F Rothenberg Professor of the Humanities Harvard University Saloni Mathur manages to bring together remarkably diverse strands that make up the contemporary visual cultures of India and provide insights for art historians anthropologists and cultural theorists alike India by Design Colonial History and Cultural Display illuminates issues that are long overdue but hardly ever addressed in the art historical circles Mathur s command of theory is truly impressive but even more noteworthy are her insights about Indian modernity and colonial and post colonial institutions in and outside of the country Vishakha N Desai President Asia Society

Fundamentals of Innovative Sustainable Homes Design and Construction Avi Friedman,2023-06-26 This book offers ideas and practices on contemporary design concepts and illustrates them with plans and photographs of outstanding examples Current planning and design modes of dwellings and neighborhoods are facing challenges of philosophy and form Past approaches no longer sustain new demands and require innovative thinking The need for a new outlook is propelled by fundamental changes that touch upon environmental economic and social aspects The depletion of non renewable natural resources and climate change are a few of the environmental challenges Increasing costs of material labor land and infrastructure have posed economic challenges with affordability being paramount among them Social challenges are also drawing the attention of designers builders and homeowners Walkable communities aging in place and multigenerational living are some of the concepts considered In addition live work environments have become part of the economic reality for those who wishto work from home which has become possible through digital advances The text would be of interest to scholars working in architecture urban planning and construction
