BOOK JACKET *Algorithms of Armageddon* George Galdorisi,Sam J Tangredi,2024-03-12 It is unclear if U S policy makers and military leaders fully realize that we have already been thrust into an artificial intelligence AI race with authoritarian powers Today the United States peer adversaries China and Russia have made clear their intentions to make major investments in AI and insert this technology into their military systems sensors and weapons Their goal is to gain an asymmetric advantage over the U S military The implications for our national security are many and complex Algorithms of Armageddon examines this most pressing security issue in a clear insightful delivery by two experts Authors George Galdorisi and Sam J Tangredi are national security professionals who deal with AI on a day to day basis in their work in both the technical and policy arenas Opening chapters explain the fundamentals of what constitutes big data machine learning and artificial intelligence They investigate the convergence of AI with other technologies and how these systems will interact with humans Critical to the issue is the manner by which AI is being developed and utilized by Russia and China The central chapters of the work address the weaponizing of AI through interaction with other technologies man machine teaming and autonomous weapons systems The authors cover in depth debates surrounding the AI genie out of the bottle controversy AI arms races and the resulting impact on policy and the laws of war Given that global powers are leading large scale development of AI it is likely that use of this technology will be global in extent Will AI enabled military weapons systems lead to full scale global war Can such a conflict be avoided The later chapters of the work explore these questions point to the possibility of humans failing to control military AI applications and conclude that the dangers for the United States are real Neither a protest against AI nor a speculative work on how AI could replace humans Algorithms of Armageddon provides a time critical understanding of why AI is being implemented through state weaponization the realities for the global power balance and more importantly U S national security Galdorisi and Tangredi propose a national dialogue that focuses on the need for U S military to have access to the latest AI enabled technology in order to provide security and prosperity to the American people

Elon Musk Walter Isaacson,2023-09-13 From the author of Steve Jobs and other bestselling biographies this is the astonishingly intimate story of the most fascinating and controversial innovator of our era a rule breaking visionary who helped to lead the world into the era of electric vehicles private space exploration and artificial intelligence Oh and took over Twitter Australian Financial Review Top 20 Read for 2023 When Elon Musk was a kid in South Africa he was regularly beaten by bullies One day a group

pushed him down some concrete steps and kicked him until his face was a swollen ball of flesh He was in the hospital for a week But the physical scars were minor compared to the emotional ones inflicted by his father an engineer rogue and charismatic fantasist His father's impact on his psyche would linger He developed into a tough yet vulnerable man child prone to abrupt Jekyll and Hyde mood swings with an exceedingly high tolerance for risk a craving for drama an epic sense of mission and a maniacal intensity that was callous and at times destructive At the beginning of 2022 after a year marked by SpaceX launching thirty one rockets into orbit Tesla selling a million cars and him becoming the richest man on earth Musk spoke ruefully about his compulsion to stir up dramas I need to shift my mindset away from being in crisis mode which it has been for about fourteen years now or arguably most of my life he said It was a wistful comment not a New Year's resolution Even as he said it he was secretly buying up shares of Twitter the world's ultimate playground Over the years whenever he was in a dark place his mind went back to being bullied on the playground Now he had the chance to own the playground For two years Isaacson shadowed Musk attended his meetings walked his factories with him and spent hours interviewing him his family friends coworkers and adversaries The result is the revealing inside story filled with amazing tales of triumphs and turmoil that addresses the question are the demons that drive Musk also what it takes to drive innovation and progress
