Fathering, Masculinity and the Embodiment of Care Gillian Ranson, 2015-11-03 Many fathers are now providing hands on engaged care to babies and young children This book draws on observations of and interviews with caregiving fathers as well as analyses of fathers memoirs and online blogs to examine fathers caregiving work as embodied practice and as lived American Fatherhood Lawrence R. Samuel, 2015-11-05 American Fatherhood A Cultural History traces changes in what it means to be a dad in America from the 1960s through today The book begins with an overview of fatherhood in America from the founding fathers through the 1950s and progresses to the role of fathers as they were encouraged to move beyond being simply providers to becoming more engaged parents navigating complex and changing gender and family expectations By tracing the story of fatherhood in the United States over the course of the last half century American Fatherhood reveals key insights that add to our understanding of American culture The book argues that for most of the twentieth century male parents were urged to embrace the values and techniques of motherhood In recent years however fathers have rejected this model in place of one that affirms and even celebrates their maleness and their relationships with their children After decades of attempting to adopt the parenting styles of women in other words men have finally forged a form of child raising that is truer to themselves In short fatherhood has become a means of asserting rather than denying or suppressing masculinity an original and counterintuitive argument that makes us rethink the idea and practice of being a dad today Redpilled Guide to Sanity Conrad Riker, 101-01-01 Gen Z Men Test Subjects in Feminism s Social Experiment Are you a lab rat in the dopamine casino of social media scrolling your life away Tired of losing your kids cash and sanity to a system rigged against masculinity Ready to swap therapy speak for actual power Discover why mental health industries want you weak not healed Uncover the Silicon Valley playbook trapping you in digital serfdom Learn how 73% of divorces bankrupt men and how to bulletproof your assets Reclaim the biological edge feminism tried to medicate away Escape the toxic masculinity double bind with ancient stoic principles Master the 4 step dopamine detox used by elite C E O s and Navy SEALs Defy the woke cult s war on competence logic and fatherhood Rebuild purpose in a world where 90% of preppers are men for a reason If you want to escape the Matrix of modern madness and reclaim your birthright as a sovereign man buy this book today Weakness dies here Crafting The Personal Essay Dinty W.
