Instagram Reels Marketing Dwayne Anderson, 2020-10-17 *Instagram Reels Marketing* Instagram Reels is the latest addition in the top marketers' social media marketing arsenal. If you haven't heard about it or are confused about how to get started, we're here to help. Everything you need to know is right here. This is an excellent opportunity to learn how to get started with Instagram Reels marketing to interact with a wider audience, fuel your branding endeavors, and help brands cash upon more ROI. Instagram Reels is the latest format of Instagram Stories that can be used to create and share 15-second video clips either with your followers or if you have a public account with the larger Instagram community via the Explore page. And since video content is all the rage now, top brands are using Instagram Reels for business marketing.

by sharing short video content to convey their branding and advertising messages on the Explore page as well as with followers to gain massive traction. As it rolled out to the majority of users in August 2020, this feature is being made available across 50 countries including the U.S., making it an impeccable platform to interact with audiences and fuel your branding endeavors. The timing is also fortuitous given TikTok's uncertain future in the U.S. as the Trump administration weighs either banning the Chinese-owned app entirely or forcing it to sell off its U.S. operations. To put this further into perspective, let's take a look at a few stats. The average time spent on Instagram increased by 3.5% since the launch of Instagram Reels. For example, some published data reflects recent development as follows: Two-thirds of the NBA's franchises have posted at least one Reel since the feature launched in the United States. The Los Angeles Lakers top the league in engagement on Instagram Reels with more than 385,000 engagements and more than 4.1M plays on a single video.
