Ultimate Entry Level Remote Jobs For Dads:

Apprentice Nation Ryan Craig,2023-11-07 College isn't for everyone. It's time to challenge the status quo and embrace the potential of apprenticeships in tech, healthcare, finance, and more, which can provide a sustainable pathway to economic opportunity. For decades, college has been the only respectable way to access the world of work, despite paralyzing tuition and a dire lack of practical skills that has left 40 percent of college graduates underemployed, unfulfilled, and struggling to repay student loan debt. Education and workforce expert Ryan Craig explores how a modern apprenticeship system will allow students and job seekers to jump start their careers by learning while they earn, ultimately leading to greater workforce diversity and geographic mobility. With a deep dive into the history behind America's outdated college system, Craig reveals the origins of the student debt crises and admissions scandals. Why apprenticeships are an effective pathway to career opportunity. What America can do to catch up with other nations making apprenticeship opportunities broadly available. Where students and job seekers can go to land an apprenticeship. Featuring a directory of US apprenticeship programs by industry and location. Apprentice Nation is an accessible blueprint for a country where young Americans of all backgrounds can launch careers in a variety of in-demand fields. With just a few common sense changes to education and workforce development, an apprentice nation will put the American Dream within reach for everyone. *Meltdown* Paul Craig

Roberts, Katharine LaFollette, 1990-09-01 This book describes the irrational life of Soviet producers, the monstrous deprivation of Soviet consumers, and the ideological origins of the Soviet economy that have resulted in a system unable to bear the weight of being a superpower. The authors spell out the challenges that Gorbachev and his successors face. The penultimate chapter deals with the privatization of the Soviet economy. In the last chapter, they document the failure of Western experts and pundits to create a true picture of the Soviet system. **Working Mother**, 2002-10 The magazine that helps career moms balance their personal and professional lives. **InfoWorld**, 2000-09-04 InfoWorld is targeted to Senior IT professionals.
