Davenport,Nitin Mittal,2023-01-24 A Wall Street Journal bestseller A Publisher s Weekly bestseller A fascinating look at the trailblazing companies using artificial intelligence to create new competitive advantage from the author of the business classic Competing on Analytics and the head of Deloitte s US AI practice Though most organizations are placing modest bets on artificial intelligence there is a world class group of companies that are going all in on the technology and radically transforming their products processes strategies customer relationships and cultures

Though these organizations represent less than 1 percent of large companies they are all high performers in their industries They have better business models make better decisions have better relationships with their customers offer better products and services and command higher prices Written by bestselling author Tom Davenport and Deloitte's Nitin Mittal *All In on AI* looks at artificial intelligence at its cutting edge from the viewpoint of established companies like Anthem Ping An Airbus and Capital One Filled with insights strategies and best practices *All In on AI* also provides leaders and their teams with the information they need to help their own companies take AI to the next level If you're curious about the next phase in the implementation of artificial intelligence within companies or if you're looking to adopt this powerful technology in a more robust way yourself *All In on AI* will give you a rare inside look at what the leading adopters are doing while providing you with the tools to put AI at the core of everything you do *Dwell*, 2005-01 At *Dwell* we're staging a minor revolution We think that it's possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines *Diverse Leadership Perspectives in Education: From K-12 to Higher Education* Soles, Brooke, Meyerott, Theresa, 2025-05-22 Diverse leadership in education is crucial for fostering inclusive and equitable learning environments across all levels of the education system From K-12 schools to higher education institutions leadership plays a pivotal role in shaping policies curriculum and school culture Embracing diversity in leadership enhances the overall educational experience by ensuring that all voices are heard and valued and it allows underdeveloped voices to be heard Allowing diverse voices in leadership is essential for addressing systemic inequalities while also promoting innovation and preparing students for a globalized world where diverse perspectives are key to success Exploring diverse leadership across educational levels provides insight into how these varied perspectives can positively impact both institutional practices and student outcomes *Diverse Leadership Perspectives in Education From K-12 to Higher Education* provides an overview of leadership's evolving purpose and scope containing research practical strategies and examples of complex problems in the educational system and how having a diverse voice in leadership can help solve these problems It explores the assets of diversity multiple perspectives and the role of students in the educational landscape This book covers topics such as educational technology gender and diversity and information science and is a useful resource for educators sociologists academicians and researchers **Digital Shock: Seven Shocks that are Shaping the Future** Dr. Jagdish Sheth, Suresh K. Sharma, Vibrant Publishers, 2025-01-22 In a world where technology shapes every aspect of our lives *Digital Shock Seven Shocks That Are Shaping the Future* delves into the profound disruptions we face today and those still to come Digital technologies like the Internet and social media have thrust us into unforeseen and new ways of life We are also witnessing rapid advancements in fields such as Codifying Trust Artificial Intelligence Quantum Computing and others In this digital age technology has transformed mobility and agriculture but it

has also led to resource depletion and health issues How did we manage these shifts in the past and how will we cope with even greater changes in the present and future Will we survive in the current world of the Internet mobile phones eCommerce and social media Or are we in for a rude shock Will we adapt or become a lonely Society of One Digital Shock written by prominent global thought leaders and some of the most published authors of our time identifies seven shocks we are all experiencing in the 21st century These include coping with digital addiction families living like roommates the emergence of virtual communities the borderless world of social media lack of governance and the need to adaptively reuse physical assets like factories and malls Contrary to doomsday thinkers we believe humanity will not only absorb each shock but also consider it as an opportunity for more discoveries and innovations We foresee that with our cognitive capabilities and some proactive planning by each individual and society we will once again embrace the future not only to survive but also to thrive Hence this book is neither academic nor prescriptive nor is it a treatise on technology It differs in its execution and engagement of this critical subject that impacts all our lives
