**Sustainable Development Using Private AI** Uma Maheswari V, Rajanikanth Aluvalu, 2024-08-27 This book covers the fundamental concepts of private AI and its applications. It also covers fusion of Private AI with cutting edge technologies like cloud computing, federated learning, and computer vision. Security Models and Applications for Sustainable Development Using Private AI reviews various encryption algorithms used for providing security in private AI. It discusses the role of training machine learning and Deep learning technologies in private AI. The book provides case studies of using private AI in various application areas such as purchasing, education, entertainment, medical diagnosis, predictive care, conversational personal assistants, wellness apps, early disease detection, and recommendation systems. The authors provide additional knowledge to handling the customer's data securely and efficiently. It also provides multi-model dataset storage approaches along with the traditional approaches like anonymization of data and differential privacy mechanisms. The target audience includes undergraduate and postgraduate students in Computer Science, Information technology, Electronics and Communication Engineering, and related disciplines. This book is also a one-stop reference point for professionals, security researchers, scholars, various government agencies, and security practitioners and experts working in the cybersecurity Industry, specifically in the R & D division.

**So You Want to Sing Rock** Matt Edwards, 2024-05-13 Matt Edwards, one of the leading voice teachers for commercial music styles, shares his approach to coordinating the voice so that singers can focus on performing. Fully updated and expanded, this new edition gives specific advice for beginner, intermediate, and advanced performers, as well as those crossing over from classical or musical theatre. *So You Want to Sing Rock* provides a comprehensive guide and covers a wide variety of topics: rock history, voice science, vocal health, audio technology, technical approaches to singing rock, and stylistic parameters for various rock subgenres. The book is not only the ideal guide for singing professionals but the perfect reference work for voice teachers and their students, lead and back-up singers, record producers, and studio engineers. The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing. **Digital Public Relations and Marketing Communication Trends in Africa** Anne W. Njathi, Brandi Watkins, 2024-06-07 The uptake of digital media platforms necessitates the need to understand how digital cultures of consumers and brands are unfolding. Despite the increase in usage and adoption of the internet in Africa, there is limited information about digital marketing trends on the continent. This book is among the first to present an edited collection of chapters on digital and influencer marketing, authored by many who are either from or have close ties to Africa. This book showcases digital marketing trends in Africa that are burgeoning at the same speed as the uptake of technology in the continent. With this in mind, the contributors seek to interrogate digital marketing trends in two stages: the status of digital marketing on the African continent, including cases from Nigeria, Egypt, Uganda, and Kenya, and an analysis of the rise of

influencer marketing including cases from Nigeria and Uganda This book will explore factors driving the increase in digital media platforms in Africa as well as an analysis of the implications of the growth in digital marketing using various theoretical and methodological underpinnings to probe trends Digital Public Relations and Marketing Communication Trends in Africa provides significant implications for marketing scholars and researchers and will be relevant to those looking to understand the opportunities and challenges ahead
