Moreno, 2008-09-26 Over the past several decades researchers as well as social policymakers and educators have acknowledged the importance that fathers play in their children s lives A good deal of research on fathering has been conducted among Euro American families in North America However our understanding of fathering across various ethnic groups remains limited Throughout Canada and the United States the immigrant population has been growing rapidly Currently no book has delineated the field of immigrant fathering from a comprehensive and multi disciplinary perspective which includes theory research and social policy Researchers are widely recognizing that the theoretical frameworks and models of parenting and more specifically fathering that were based on Euro American families may not be relevant to other ethnic groups As researchers refine theoretical and methodological approaches to understand fathering within sociocultural contexts they become more cognizant of the varying meanings of parenting between and within ethnic groups *On New Shores* extends the understanding of fathering in ethnic minority families and specifically focuses on immigrant fathers an area which has remained fairly uncharted The book provides readers with a richer and more comprehensive approach to how researchers practitioners and social policymakers can examine fathering among ethnic minority families Apprentice Nation Ryan Craig, 2023-11-07 College isn t for everyone It s time to challenge the status quo and embrace the potential of apprenticeships in tech healthcare finance and more which can provide a sustainable pathway to economic opportunity For decades college has been the only respectable way to access the world of work despite paralyzing tuition and a dire lack of practical skills that has left 40 percent of college graduates underemployed unfulfilled and struggling to repay student loan debt Education and workforce expert Ryan Craig explores how a modern apprenticeship system will allow students and job

seekers to jump start their careers by learning while they earn ultimately leading to greater workforce diversity and geographic mobility With a deep dive into the history behind America's outdated college system Craig reveals The origins of the student debt crises and admissions scandals Why apprenticeships are an effective pathway to career opportunity What America can do to catch up with other nations making apprenticeship opportunities broadly available Where students and job seekers can go to land an apprenticeship Featuring a directory of US apprenticeship programs by industry and location Apprentice Nation is an accessible blueprint for a country where young Americans of all backgrounds can launch careers in a variety of in demand fields With just a few common sense changes to education and workforce development an apprentice nation will put the American Dream within reach for everyone **Leaving** Kanchan Bhaskar, 2025-07-30 Raised by two

loving parents in New Delhi India Kanchan Bhaskar has always been taught that marriage means companionship tenderness and mutual respect so when she enters into an arranged marriage this is the kind of partnership she anticipates with her new seemingly wonderful husband But after they marry she quickly discovers that his warmth is deceptive that the man beneath the bright charming facade is actually a narcissistic alcoholic and violent man Trapped in a nightmare Kanchan pleads with her husband to seek help for his issues but he refuses Meanwhile Indian law is not on her side and as the years pass she finds herself with three children to protect three children she fears she will lose custody of if she leaves Almost overnight she finds herself transformed into a tigress who will do whatever it takes to protect her cubs and she becomes determined to free them from their toxic father But it's not until many years later when the family of five moves from India to the United States that Kanchan is presented with a real opportunity to leave him and she takes it Chronicling Kanchan's gradual climb out of the abyss little by little day by day Leaving is the empowering story of how buoyed by her deep faith in a higher power and single minded in her determination to protect her children best she fought relentlessly to build a ramp toward freedom from her abuser In this memoir Kanchan clearly lays out the tools and methods she utilized in her pursuit of liberation and reveals how belief in self and belief in the Universe can not only be weapons of escape but also beautiful foundations for a triumphant purpose driven life *Getting Me Cheap* Amanda Freeman, Lisa Dodson, 2022-11-29 Two groundbreaking sociologists

explore the way the American dream is built on the backs of working poor women Many Americans take comfort and convenience for granted We eat at nice restaurants order groceries online and hire nannies to care for kids Getting Me Cheap is a riveting portrait of the lives of the low wage workers primarily women who make this lifestyle possible Sociologists Lisa Dodson and Amanda Freeman follow women in the food health care home care and other low wage industries as they struggle to balance mothering with bad jobs and without public aid While these women tend to the needs of well off families their own children frequently step into premature adult roles providing care for siblings and aging family members Based on years of in depth field work and hundreds of eye opening interviews Getting Me Cheap explores how America traps millions of women and their children into lives of stunted opportunity and poverty in service of giving others of

us the lives we seek Destined to rank with works like Evicted and Nickle and Dimed for its revelatory glimpse into how our society functions behind the scenes Getting Me Cheap also offers a way forward with both policy solutions and a keen moral vision for organizing women across class lines Working Mother ,2002-10 The magazine that helps career moms balance their personal and professional lives **Pacific Missile Range Facility, Enhanced Capabilities, To Accommodate**
