Flexible Lives Stefanie Reissner, Michal Izak, 2025-08-07 This geographically and methodologically diverse volume shines the spotlight on a variety of flexible working practices beyond the predominantly Western perspective and zooms in on the gendered aspects of flexible working The increasing use of flexible work arrangements has decoupled work from time and space making the world of work and home increasingly fluid and challenging to manage The Covid 19 pandemic in particular has been a catalyst for questioning accepted norms of where when and how work takes place This book seeks to explore the

impact which this reshaping of traditional modes of working has had on workplace interactions and relationships as well as on managing the boundaries between familial and working lives In this way this collection contributes to a wider dialogue concerning the flexibility challenges encountered by white collar workers which is needed now more than ever This book will be relevant to scholars practitioners and policymakers in the fields of gender studies organizational behavior human resources and labor economics It will be particularly useful for those examining the impact of remote work the future of work organizational culture and the social and economic implications of shifting work practices The chapters in this book were originally published in Culture and Organization and are accompanied by an updated Introduction and a new Epilogue

Work Less Jon Peirce, 2024-01-02 You can't have a healthy economy with an unhealthy work force Work Less proposes ways to reduce work hours and keep workers happier healthier and more productive Recent years have revealed just how stressed out many workers are While the trend to longer hours has been developing for several decades the trend's effects have been aggravated during the pandemic by the growing use of Zoom and other new technologies for meetings with clients customers and co workers Exhausted and fed up today's workers are starting to insist on shorter hours and greater flexibility as to where they do their work There is growing consensus that the forty hour week the norm since the 1940s has outlived its usefulness And there is an urgent need for new work schedules that adequately reflect the far greater intensity of work today as well as the greater family demands on a labour force made up of almost fifty percent women who bear the brunt of domestic duties Work Less offers practical scheduling suggestions to employers and workers and numerous policy options for government policy makers to improve working conditions
