As Public as Possible David I. Backer, 2025-12-02 A witty and provocative treatise on the financial policies we'll need to make our public schools work for all children From the anti CRT panic to efforts to divert tax dollars to charter schools the right wing attack on education has cut deep In response millions of Americans have rallied to defend their cherished public schools But this incisive book asks whether choosing between our embattled status quo and the stingy privatized vision of the right is the only path forward In *As Public as Possible* education expert David I Backer argues for going on the offensive by radically expanding the very notion of the public in our public schools Helping us to imagine a more just and equitable future *As Public as Possible* proposes a concrete set of financial policies aimed at providing a high quality and truly public education for all Americans regardless of wealth and race With witty and provocative prose Backer shows how we can decouple school funding from property tax revenue evening out inequalities across districts by distributing resources according to need He argues for direct federal grants instead of the predations of municipal debt markets And he offers eye opening examples spanning the past and present from the former Yugoslavia to contemporary Philadelphia which help us to imagine a radically different way of financing the education of all of our children

The War on Common Sense Conrad Riker, 101-01-01 They Want You Weak Silent and Compliant It's Time to Fight Back Do you feel bombarded by climate hysteria feminist dogma and globalist policies designed to strip you of power Are you tired of being labeled toxic for embracing masculinity while elites dismantle the foundations of civilization What if the climate emergency gender equality and sustainability were lies to control you not save the planet Unmask the billion dollar industries profiting from fear and fake science Learn why green energy scams and carbon taxes are engineered to bankrupt you Discover how globalists weaponize feminism to destroy families and male authority Expose the depopulation agenda hiding behind climate action and woke philanthropy Defend your rights against censorship false accusations and legal enslavement Reject the lies that paint masculinity as a flaw and reclaim your evolutionary birthright Decode the playbook used to replace national sovereignty with dystopian global governance Arm yourself with tactics to resist rebuild and rally others to your cause If you want to break free from the lies reclaim your sovereignty and join the rebellion against humanity's greatest threats buy this book today before they ban it
