**The Impact of Instagram Micro-Influencers on the Buying Decision of Generation Z towards Fitness Products**,2022-11-15 Bachelor Thesis from the year 2020 in the subject Business economics *Offline Marketing and Online Marketing* grade 2 0 Reutlingen

University ESB Business School language English abstract With fitness being a huge topic over the last couple of years many fitness brands started collaborating with fitness influencers on social media platforms Especially micro influencers on Instagram have gained attention in the previous years since they show high engagement rates and are perceived as credible sources of information Particularly for young consumers micro influencer marketing has turned out to be an effective and contemporary brand communication strategy The present bachelor thesis gives an overview of the effects of Instagram micro influencers on the buying decision Here the impact on Generation Z towards fitness products was examined with an extensive literature review and a quantitative study in the form of an online survey With the results of the study insights on the relationship between fitness related micro influencers and Generation Z s buying decision could be gained Although social media and fitness related micro influencers play an essential part in the worldwide growth of the fitness industry there is a dearth of research about their relationship with the buying decision of consumers Especially for product managers in the health and fitness industry it can be beneficial to understand these connections to better leverage influencer dynamics in their social media strategies Moreover there is a lack of studies focussing on the implications of these micro influencers on Generation Z specifically Generation Z consumers are the most digital and most reliant in terms of influencer recommendations As emerging adults in their developmental stage they can still be influenced in terms of their fitness habits Therefore brands and businesses in the fitness sectors can profit from understanding their buying behavior which allows them to adapt their influencer marketing campaigns accordingly Finally it cannot be disregarded that fitness is an issue that people will always be concerned with since it strongly affects their well being Against this background this study aims to approach the following research question How do micro influencers on Instagram affect the purchasing decision of Generation Z towards fitness products

[Instagram Secrets](#) Alexander Vinci, 2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn't an eCommerce business and so Instagram isn't the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You're a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother's ward with beautiful birthing and stay suites with a spa like feel 3 You're a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we'll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram's back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won't care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn't logged in for a while they won't have to scroll through outdated and no longer relevant posts They'll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be

interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book **Instagram Marketing** Edward Keller,2020-11-23 Are you ready to learn how to maximize your business using Instagram ads Millions of people use Instagram every day to share pictures of their lives often to audiences of thousands of people People have built entire careers by becoming what s now known as being an influencer These people use their influence on social media sites to help build brands up But now you can do that yourself This book will teach you how to optimize your businesses Instagram account so that it will attract organic growth while also helping to establish your brand s authority over your industry By learning Instagram influencing you ll be able to grow your business more significant than you ve ever imagined and at the same time attract real brand loyalty What you will learn from this book What Instagram is and why you need to be on it How to attract followers to your Instagram How to get real authentic interactions on Instagram How to break into your target market How to leverage your influence How to use hashtags and how to find the right ones And so much more Instagram used the right way can help turn your business into a lasting brand that will be around for years to come By engaging directly with your customers you ll be able to make real connections that will inspire loyalty and growth on unprecedented levels It isn t challenging to learn Instagram marketing and this book will teach you step by step how to create your account the right way You ll learn how to use hashtags and more to grow your account from hundreds to people all the way to thousands in less than a month If you are serious about growing your Instagram influence so that you can improve your business into a more relevant and lasting company than you need to get this book today **Instagram Marketing Blueprint 2021** Brandon's Business Guides,2020-11-20 Finally A Practical Guide to RAPIDLY Grow Your Instagram Following Build Your Brand and Uncover Your Tribe Without Using Illegal or Shady Tactics Do you want 1000 s of Relevant Instagram Followers
