web mar 15 2021 this experiment will further develop your understanding of thermodynamics while relating it to two concepts you already have studied equilibrium and solubility you will determine three thermodynamic values associated with the solubility of potassium nitrate the reaction we will be studying is the dissolution of potassium nitrate in water

lab solubility curve of potassium nitrate studylib net - Jan 02 2022

web analysis construct a solubility curve using the mass of solute that will dissolve in 100 g of water at a specified temperature in this lab 5 ml of water was used assume 1 0 g ml of water take the collected data make it proportional to get the solubility of the KNO_3 graph temperature vs solubility using a best fit curve
