Maximizing Men Conrad Riker, **Rent It, Don't Own It** Conrad Riker, 101-01-01 Tired of Being Trapped by Depreciating Assets and Toxic Relationships Here's How to Break Free Do you feel like society is rigged against you Are you tired of being told to man up while being demonized for being a man Do you want to avoid the financial and emotional pitfalls of modern relationships If you answered yes to any of these questions this book is for you Discover why renting is smarter than owning when it comes to cars boats and even relationships Learn how to avoid the financial ruin of divorce and the marriage plantation Reclaim your masculinity in a world that constantly attacks it Understand the true cost of dating and how to maximize your return on investment Explore the evolutionary psychology behind male roles and why they matter Get the red pill truth about feminism and its impact on men Find out how to navigate a society that favors women at every turn Learn how to use humor to combat misandry and reclaim your power If you want to take control of your life avoid financial traps and live on your own terms then buy this book today **2024 The Campaign Chronicles** JD Foster, 2025-01-30 How strange it is that the past is so little understood and so quickly forgotten We live in the most thoughtless of ages Every day headlines and short views I have tried to drag history up a little nearer to our own times in case it should be helpful as a guide in present difficulties Winston Churchill 1929 The 2016 presidential campaign concluded with the impossible the election of billionaire non politician Donald J Trump The 2020 campaign saw Trump lose to former Vice President Joe Biden because of Trump's chaos and the COVID pandemic The 2024 campaign revealed another seemingly impossible outcome the return of Trump by defeating Vice President Kamala Harris How did Trump do that This book chronicles the 2024 presidential election written contemporaneously with events to capture the moment praising and criticizing all concerned as even handedly as humanly possible As a chronicle no attempt is made to correct the record in light of later revealed truths That is a task for later historians But later revealed truths cannot explain how voters and the media felt in the moment which often determines what follows Anyone seeking to understand the course of events leading to Donald Trump's re election will find the reading interesting infuriating sometimes humorous and hopefully illuminating This book does not explain fully how Trump won again but it is an important start to answering that question **The War on Common Sense** Conrad Riker, 101-01-01 They Want You Weak Silent and Compliant It's Time to Fight Back Do you feel bombarded by climate hysteria feminist dogma and globalist policies designed to strip you of power Are you tired of being labeled toxic for embracing masculinity while elites dismantle the foundations of civilization What if the climate emergency gender equality and sustainability were lies to control you not save the planet Unmask the billion dollar industries profiting from fear and fake science Learn why green energy scams and carbon taxes are engineered to bankrupt you Discover how globalists weaponize feminism to destroy families and male authority Expose the depopulation agenda hiding behind climate action and woke philanthropy Defend your rights against censorship false accusations and legal enslavement Reject the lies that paint

masculinity as a flaw and reclaim your evolutionary birthright Decode the playbook used to replace national sovereignty with dystopian global governance Arm yourself with tactics to resist rebuild and rally others to your cause If you want to break free from the lies reclaim your sovereignty and join the rebellion against humanity s greatest threats buy this book today before they ban it Monthly List of Russian Accessions ,1955 *Threshold Concepts in Women's and Gender Studies* Christie Launius,Holly Hassel,2018-02-20 *Threshold Concepts in Women s and Gender Studies Ways of Seeing Thinking and Knowing* is a textbook designed primarily for introduction to Women s and Gender Studies courses with the intent of providing both skills and concept based foundation in the field The text is driven by a single key question What are the ways of thinking seeing and knowing that characterize Women s and Gender Studies and are valued by its practitioners Rather than taking a topical approach *Threshold Concepts* develops the key concepts and ways of thinking that students need in order to develop a deep understanding and to approach material like feminist scholars do across disciplines This book illustrates four of the most critical concepts in Women s and Gender Studies the social construction of gender privilege and oppression intersectionality and feminist praxis and grounds these concepts in multiple illustrations The second edition includes a significant number of updates revisions and expansions the case studies in all five chapters have been revised and expanded as have the end of chapter elements statistics have been updated and numerous references to significant news stories and cultural developments of the past three years have been added Finally many more callbacks to previous chapters have been incorporated throughout the textbook in order to remind students to carry forward and build upon what they have learned about each threshold concept even as they move on to a new one **Monthly List of Russian Accessions** Library of Congress.
