Demos George George Gissing, Editorial International, 2015-05-13 It tells the story of a young lower class Radical working man Richard Mutimer who unexpectedly inherits a large fortune He becomes the leader of a socialist movement and decides to use his inheritance to set up a cooperative factory However his new wealth and power serve to highlight the defects of character that he brings from his working class origin and he begins to treat his workers harshly as well as abandoning the girl of his own station to whom he had been engaged Later in life Mutimer marries an upper middle class woman who does not love him and stands for Parliament However his downfall begins when his wife Adela finds a later version of the will that had enriched Mutimer As this could deprive him of his inheritance he wants to destroy it but Adela will not permit this and the money goes to the rightful heir The cooperative factory is shut down and the couple move to London to live in relative poverty Mutimer starts another populist movement but is killed by a stone thrown at him by a demonstrator during a meeting at which his followers turn against him
