## **Dental Materials Properties And Manipulation:**

**Dental Materials** Robert George Craig, John M. Powers, John C. Wataha, 2000 DENTAL MATERIALS Properties and Manipulation is a comprehensive text focusing on the manipulation of dental materials most commonly used in the dental office. It discusses the physical, chemical, and manipulative properties of the modern materials, allowing dental hygienists and assistants to discuss options with patients. The text is well illustrated with numerous tables and information on brand names. Each chapter features new words and a multiple choice self test with answers at the end of the book. Shows side by side comparisons of different dental materials for complete coverage of important properties. Keeps the student up to date on current products and companies with lists of updated products. ADA certified products when applicable. Includes numerous illustrations allowing the student to visualize manipulations. Identifies learning objectives at the beginning of each chapter to emphasize important content. Defines unusual terms and phrases in the margins, eliminating the need to refer to the glossary at the back of the book. Includes Summary Sections to reinforce critical concepts discussed in the chapter. Presents self tests: multiple choice, short answer at the end of each chapter so that students can evaluate their understanding of subject matter. Includes Suggested Readings to emphasize review rather than research articles. Includes Glossary defining important terms to eliminate the need for a dictionary. Spanish version of 6th edition also available. ISBN 84 8174 188 4 **Dental**

**Materials-E-Book** John M. Powers, John C. Wataha, 2012-02-08 New and updated discussions address advances in areas such as esthetics, ceramics, and materials for dental impressions and dental implants. Full color illustrations improve clarity and realism, including for example color photos of esthetics and bleaching showing the differences in shades of color. More than 100 new illustrations and photographs include images showing the materials being used and applied **Dental**
