Messerschmitt Bf 110 Zerstörer Aces of World War 2 John Weal, 2012-10-20 This volume is the first of its type to be devoted exclusively to the Zerstörer day fighter aces spanning the war years from Poland to the defence of the Reich. Although Messerschmitt's single engined Bf 109 has received most of the plaudits for achieving virtual air superiority over Europe in 1939-40 the exploits of the manufacturer's twin engined Bf 110 the Ju 88 and the Me 410 Zerstörer in the first year of the war also make for very impressive reading. Indeed on the eve of World War 2 a posting to a Bf 110 unit was considered to be the best career move available in the Luftwaffe.

Blood and Ruins Richard Overy, 2023-04-04 Monumental A vast and detailed study that is surely the finest single volume history of World War II. Richard Overy has given us a powerful reminder of the horror of war and the threat posed by dictators with dreams of empire. The Wall Street Journal A thought provoking and original reassessment of World War II from Britain's leading military historian. A New York Times bestseller. Richard Overy sets out in *Blood and Ruins* to recast the way in which we view the Second World War and its origins and aftermath. As one of Britain's most decorated and respected World War II historians he argues that this was the last imperial war with almost a century long lead up of global imperial expansion which reached its peak in the territorial ambitions of Italy, Germany and Japan in the 1930s and early 1940s before descending into the largest and costliest war in human history and the end after 1945 of all territorial empires. Overy also argues for a more global perspective on the war one that looks broader than the typical focus on military conflict between the Allied and Axis states. Above all Overy explains the bitter cost for those involved in fighting and the exceptional level of crime and atrocity that marked the war and its protracted aftermath which extended far beyond 1945. *Blood and Ruins* is a masterpiece a new and definitive look at the ultimate struggle over the future of the global order which will compel us to view the war in novel and unfamiliar ways. Thought provoking original and challenging. *Blood and Ruins* sets out to understand the war anew.

Ju 88 Aces of World War 2 Robert Forsyth, 2019-01-24 Initially designed as a fast medium bomber the Junkers Ju 88 was also used as a Zerstörer heavy fighter by the Luftwaffe. It saw its combat debut over Poland in 1939 and heavy fighter variants saw action on every front up to VE Day. The ultimate Ju 88 fighter variant was the G model of 1944 which boasted a FuG 220 or 227 radar an astounding array of cannon and machine gun armament and advanced Junkers Jumo or BMW engines. A dedicated nightfighter the first Ju 88G 1s entered service with the Nachtjagd in the summer of 1944 replacing Ju 88C Rs as well as some Bf 110Gs. Despite suffering heavy losses in the final months of the war Ju 88Gs also inflicted serious casualties on Bomber Command throughout the war. From patrolling over the Bay of Biscay to the Arctic circle opposing Allied convoys and most successfully as radar equipped nightfighters engaging RAF heavy bombers during defence of the Reich operations from late 1941 this is the story of the Ju 88 aces who menaced Allied aircraft and shipping throughout World War 2.
